3.1 EMERGENCY INFORMATION

All Campuses

If there is an on-campus emergency, immediately call 911. Have someone else contact the Grayson College Police Department at 903-814-3343, or, if no one else is available, call the College Police after you disconnect with 911.

An emergency is not something that can be predicted but is something that can be managed by following proper procedures. The Grayson College Campus Safety Procedures, available on the Grayson College website under Police and Campus Safety is intended to be used as a practical outline of what to do in the event of an emergency; it is not an all-inclusive guide. There are times a person would have to exercise independent judgment, using their best knowledge and training to help resolve the circumstances surrounding them. An emergency is defined as a situation where there is the imminent possibility of the loss of life, serious bodily injury to a person and/or the loss or destruction of property. Before an emergency occurs, know the location of telephones in or near your building and how they may be accessed. Become familiar with the location of fire extinguishers and fire alarm pull stations and know how to use them.

Extreme Emergency Plan

Upon notification of an extreme emergency, the Director of Public Safety and Emergency Management or the person acting on his/her behalf will activate the multiple warning systems. Each person on campus must follow the directions in that warning. Examples include going to a designated severe weather area, evacuating or sheltering in place. In the event of an extreme campus emergency, the college will deploy its Incident Command System (ICS). Members of the college Emergency Management Team (EMT) will report to the designated meeting place as identified in the college Emergency Operations Plan for the purpose of establishing an incident command structure for the campus. All available campus peace officers will report to the affected campus and follow the direction of the Director of Public Safety and Emergency Management or the person acting on his/her behalf. Functioning in its ICS role, the EMT will direct the response to the extreme emergency including the closure of the campus and the notification of all affected individuals.

Should an enrolled student need to be notified of an off-campus emergency while they are on campus, please contact the Grayson College Police Department. Only extreme emergency messages will be delivered to the student (sick child; death in the family; injury to family member, etc.).

4.1 MISSION STATEMENT

The mission of Grayson College is student success.

4.2 PURPOSE

According to Texas Education Code 130.003(e) the purpose of each public community college shall be to provide:

- Technical programs up to two years in length leading to associate degrees or certificates.
- Vocational programs leading directly to employment in semi-skilled and skilled occupations.
- Freshman and sophomore courses in arts and sciences.
- Continuing adult education programs for occupational or cultural upgrading.

- Such other purposes as may be prescribed by the Texas Higher Education or local governing boards in the best interest of post-secondary education in Texas.

4.3 VISION

Grayson College is a premier learning college that transforms individuals, builds communities and inspires excellence.

4.4 EQUITY STATEMENT

At Grayson College, equity refers to providing what students need to be successful through the intentional design of the college experience. At its base, our approach to equity is rooted in fairness. We believe that access to a high-quality education in an inclusive environment is the right of all individuals and is imperative for the continued advancement of a strong democracy and workforce.

We know the College serves as a beacon of hope for preserving access to higher education and success for all students, particularly students of color, low-income students and other historically underrepresented student populations. Structural inequalities and systemic poverty that are often the result of historic and systemic social injustices have a negative impact on our vision of access and success. We acknowledge these inequities typically manifest themselves as the unintended or indirect consequences of unexamined institutional or social policies.

All members of our team must commit to the pursuit of dismantling these barriers on our path to providing equity for students. This starts with routinely scrutinizing structural barriers to student success and is followed by executing an intentional approach to creating a climate of enacting equity-minded policies, practices (including employment practices and talent management) and behaviors that lead to success for all students.

4.5 GOALS

Connect- Transform lives by connecting students to the college and career pathways.

Commit- Build community by inspiring student commitment and momentum toward timely achievement of pathway milestones.

Complete- Inspire pathway completion that launches successful career entry, career enhancement or university transfer.

The College Board of Trustees has identified four Board Targets used to measure progress of these goals. These targets are:

- By 2025, Grayson College fall headcount will increase to 4,250.
- By 2025, all Grayson College, First Time Ever in College (FTEIC) students will enroll in their first-designated career course before completion of 15 hours.
- By 2025, the overall successful course completion rate (A, B or C grades) for the year will increase to 83%, reducing all gaps (<2%) by race/ethnicity and Pell status.
- By 2025, the total annual degrees or certificates will increase to 1,730.

4.6 VIKING VALUES

The Viking Values are balance, trust, clarity, teamwork, service and gratitude.

5.1 DISCIPLINARY AUTHORITY

A college, like any community, must have regulations by which its members abide and procedures by which its organizations function. The standard should provide order and an atmosphere conducive to intellectual and personal development. The Student Handbook and the "Code of Student Conduct" contained within are intended to serve these purposes in the interest of all segments of Grayson College. Full policies are available online in the College's Policies and Procedures Manual.

The college has a responsibility to maintain order within the college community and to discipline those who violate its rules and policies. Enrollment requires students to share this responsibility. Students agree to abide by the standards, rules and/or policies set forth in this handbook, the GC Catalog and other official college publications, as well as Texas Education Code. Registered campus organizations also agree to follow these rules and regulations. The college or its representatives may amend this document at any time without notice.

The authority to enact and enforce regulations of the college is vested in the Board of Trustees. The responsibility for enforcing regulations and imposing penalties is delegated to the President and any college officials the President may designate. The Office of the Dean of Student Affairs is the principal agency for the administration of student discipline. Violation of academic policies, ie: cheating, plagiarism, etc. will be handled by the Vice President of Instruction.

5.2 COLLEGE SPONSORED PUBLICATIONS

Special circumstances must be present to give an institution of higher education, including a college district, the right to control student publications. An institution of higher education may censor student expression only if it acts consistent with First Amendment constitutional guarantees [see FLA]. An institution may not infringe on free speech when it is not shown to be necessarily related to the maintenance of order and discipline within the educational process. *Schiff v. Williams, 519 F.2d 257 (5thCir. 1975)*

5.3 COMMUNICABLE DISEASES

Communicable diseases include, but are not limited to, measles, influenza, coronavirus, viral hepatitis-A (infectious hepatitis), viral Hepatitis-B (serum hepatitis), human immunodeficiency virus (HIV), AIDS, AIDS-Related Complex (ARC), leprosy, Coronavirus (COVID-19) and tuberculosis. For the purposes of this policy, the term "HIV infection" shall include AIDS, AIDS-Related Complex (ARC) and a positive test for the antibody to human immunodeficiency virus.

Basis for Action

The College District's decisions involving persons who have communicable diseases shall be based on current and well-informed medical judgments concerning the disease, the risks of

transmitting the illness to others, the symptoms and special circumstances of each individual who has a communicable disease, and a careful weighing of the identified risks and the available alternatives for responding to a student with a communicable disease.

Nondiscrimination

The College District shall not discriminate in enrollment against any student solely on the ground that the student has a communicable disease. A member of the student body of the College District shall not be denied access to a College District facility, program, function or campus activity solely on the grounds that the student has a communicable disease. The College District reserves the right to exclude a person with a communicable disease from College District facilities, programs, functions and campus activities if the College District makes a medically based determination that the restriction is necessary for the welfare of the person who has the communicable disease and/or the welfare of the other members of the College District community.

Privacy

The College District shall comply with all pertinent statutes and regulations that protect the privacy of persons in the College District community who have a communicable disease. The College District shall ensure that procedural safeguards sufficient to maintain the strictest confidence about persons who have HIV infection are in effect throughout the College District.

Education Program about HIV Infection

The College District shall develop and maintain a comprehensive education program about HIV infection for members of the College District community. The program shall address current medical opinions about the nature of HIV infection and its symptoms, methods of transmission, types of behavior that increase the risk of transmission of the disease and preventive measures for avoiding infection.

Publication

The College District's policy on HIV infection shall be made available to students by including it in the student handbook or other appropriate publications.

5.4 COMPUTER USE POLICY

The College District provides each of its students, faculty and staff with one or more computer accounts that permit the use of the College District's computer resources. Use of these resources is a privilege, not a right. When using these resources, individuals agree to abide by the applicable policies of the College District, as well as federal, state and local laws. The College District reserves the right at any time to limit, restrict or deny access to its computer resources, as well as to take disciplinary and/or legal action against anyone in violation of these policies and/or laws.

The policies and procedures which apply to users of College District computer resources include, but are not limited to, this policy, as well as College District policies against harassment, plagiarism and unethical conduct and any procedures that govern computer usage at a particular facility on campus. Laws which apply to users of College District

computer resources include, but are not limited to, federal, state and local laws pertaining to theft, copyright infringement, insertion of viruses into computer systems and other computer related crimes. This policy applies to all College District computer resources, whether administered centrally or within a department, single or multi-user, mainframe or network server, etc. Computer resources include hardware, software, communications networks, electronic storage media and manuals and other documentation. Data includes all files, regardless of size or storage media, including email messages, system logs and software (commercial or locally developed).

The following principles address the general philosophy of the College District on computer use and security. These principles apply to, and are binding, on all users of College District computer resources.

Authorized Use

The College District provides computer resources for the purpose of accomplishing tasks related to the College District's mission. It should be noted that the use of some of the computers, networks and software located on the College District campus may be dedicated to specific aspects of College District missions or purposes that limit their use or access. Students, including incoming students who have paid their fees, shall be allowed to use the College District's computer resources for school-related and incidental purposes, subject to this policy and other applicable College District policies; state and federal law and as long as personal use does not result in any additional costs to the College District. Graduating students and students who leave the College District for any reason shall have their computer access rights terminated, except that, with the permission of the appropriate system administrator(s), continuing students enrolled for the coming fall semester may retain their computer rights during the summer.

An employee of the College District shall be allowed to use computer resources in accordance with this and other applicable College District policies. Incidental personal use of computer resources by employees is permitted, subject to review and reasonable restrictions by the employee's supervisor; adherence to applicable College District policies and state and federal law; and as long as such usage does not interfere with the employee's accomplishment of his or her job duties and does not result in any additional costs to the College District. When an employee terminates employment, his or her access to the College District's computer resources shall be terminated immediately.

Freedom of Expression

Censorship is not compatible with the goals of higher education. The College District does reserve the right, however, to place reasonable time, place and manner restrictions on freedom of expression on its computer systems.

Privacy

Users of the College District's computer systems should be aware that computer use may be subject to review or disclosure in accordance with the Texas Public Information Act and other laws; administrative review of computer use for security purposes or in regard to a policy or legal compliance concern; computer system maintenance; audits and as otherwise required to protect the reasonable interests of the College District and other users of the computer

system. Anyone using the College District's computer systems expressly consents to monitor on the part of the College District for these purposes and is advised that if such monitoring reveals possible evidence of criminal activity, College District administration may provide that evidence to law enforcement officials. Further, all users should understand that the College District is unable to guarantee the protection of electronic files, data or emails from unauthorized or inappropriate access.

Intellectual Property

All members of the College District community should be aware that intellectual property laws extend to the electronic environment. Users should assume that works communicated through the computer network are subject to copyright laws unless specifically stated otherwise.

Valuable Assets

Computer resources and data are considered valuable assets of the College District. Further, computer software purchased or leased by the College District is the property of the College District or the company from whom it is leased. Any unauthorized access, use, alteration, duplication, destruction or disclosure of any of these assets may constitute a computer-related crime, punishable under Texas statutes and federal laws. College District computer resources may not be transported without appropriate authorization.

The following actions constitute misuse of the College District's computer resources and are strictly prohibited for all users.

College District computer resources are not to be used in support of or for illegal activities. Any such use shall be reported and dealt with by the appropriate College District authorities and/or law enforcement agencies. Criminal and illegal use may involve, but is not limited to:

- Unauthorized access, intentional corruption or misuse of computer resources, theft, obscenity and child pornography.
- Failure to comply with laws, policies, procedures, license agreements and contracts that pertain to and limit the use of the College District's computer resources.
- Abuse of computer resources including, but not limited to, any act that endangers or damages specific computer software, hardware, program, network or the system as a whole, whether located on campus or elsewhere on the global Internet; creating or purposely allowing a computer malfunction or interruption of operation; injection of a computer virus onto the computer system; sending a message with the intent to disrupt College District operations or the operations of outside entities; print outs that tie up computer resources for an unreasonable time period; and failure to adhere to time limitations that apply at particular computer facilities on campus.
- Use of College District computer resources for personal financial gain or a personal, commercial purpose.
- Failure to protect a password or account from unauthorized use.
- Permitting someone to use another's computer account or using someone else's computer account.
- Unauthorized use, access or reading of any electronic file, program, network or the system.
- Unauthorized use, access, duplication, disclosure, alteration, damage or destruction of data contained in any electronic file, program, network or College District hardware or software.

In accordance with law, during a period of disruption, the College President or designee may notify a person that consent to remain on a College District campus or facility has been withdrawn for no longer than 14 days if there is reasonable cause to believe that the person willfully disrupted the orderly operation of the College District and that his or her presence on College District property will constitute a substantial and material threat to the orderly operation of the College District.

Hearing Procedures - A party from whom consent has been withdrawn may request a hearing on the withdrawal to be held in accordance with law.

An action reasonably takes into account age as a factor necessary to the normal operation or the achievement of any statutory objective of a program or activity, if:

1. Age is used as a measure or approximation of one or more other characteristics;
2. The other characteristic or characteristics must be measured or approximated in order for the normal operation of the program or activity to continue or to achieve any statutory objective of the program or activity;
3. The other characteristic or characteristics can be reasonably measured or approximated by the use of age; and
4. The other characteristic or characteristics are impractical to measure directly on an individual basis. *34 C.F.R. 110.012*

Reasonable Factors Other Than Age- A recipient is permitted to take an action otherwise prohibited by 34 C.F.R. 110.10 that is based on a factor other than age, even though that action may have a disproportionate effect on persons of different ages. An action may be based on a factor other than age only if the factor bears a direct and substantial relationship to the normal operation of the program or activity or to the achievement of a statutory objective. *34 C.F.R. 110.13*

Special Benefits for Children and the Elderly- If a recipient operating a program or activity provides special benefits to the elderly or to children, the use of age distinctions is presumed to be necessary to the normal operation of the program or activity, notwithstanding the provisions of 34 C.F.R. 110.12. *34 C.F.R. 110.1*

Affirmative Action

Even in the absence of a finding of discrimination, a recipient may take affirmative action to overcome the effects of conditions that resulted in limited participation in the recipient's program or activity on the basis of age. *34 C.F.R. 110.15*

A recipient shall notify its beneficiaries, in a continuing manner, of information regarding the provisions of the Act and associated regulations. *34 C.F.R. 110.25(b)*

Discrimination on the Basis of Disability ADA

Under the Americans with Disabilities Act (ADA), no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs or activities of a public entity, including a college district or be subjected to

discrimination by any such entity. A public entity shall not exclude or otherwise deny equal services, programs or activities to an individual or entity because of the known disability of an individual with whom the individual or entity is known to have a relationship or association. 42 U.S.C. 12132; 28 C.F.R. 35.130

Section 504

Under Section 504 of the Rehabilitation Act, no otherwise qualified individual with a disability shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of or be subjected to discrimination under any program or activity receiving federal financial assistance. 29 U.S.C. 794(a)

“Disability”

“Disability” means, with respect to an individual:

- A physical or mental impairment that substantially limits one or more major life activities of an individual;
- A record of having such an impairment; or
- Being regarded as having such an impairment.

An impairment that substantially limits one major life activity need not limit other major life activities in order to be considered a disability. An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.

The term “disability” does not include:

- Transvestism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders not resulting from physical impairments or other sexual behavior disorders;
- Compulsive gambling, kleptomania or pyromania; or
- Psychoactive substance use disorders resulting from current illegal use of drugs. 42 U.S.C. 12102(1), (4)(C)–(D); 28 C.F.R. 35.108(a), (d), (g)

“Regarded as Having Such an Impairment”

An individual meets the requirement of being “regarded as having such an impairment” if the individual establishes that he or she has been subjected to an action prohibited under the ADA because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity. 42 U.S.C. 12102(3) (A); 28 C.F.R. 35.108(f)

Transitory & Minor

Item 3 in the definition of “Disability,” above, (“regarded as having such an impairment”) shall not apply to impairments that are transitory or minor. A transitory impairment is an impairment with an actual or expected duration of six months or less. 42 U.S.C. 12102(3)(B); 28 C.F.R. 35.108(d)(1)(ix), (f)(2)

Mitigating Measures

The determination of whether an impairment substantially limits a major life activity shall be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, low-vision devices (which do not include ordinary eyeglasses or contact lenses), prosthetics including limbs and devices, hearing aids and cochlear implants or other

implantable hearing devices, mobility devices or oxygen therapy or supplies; use of assistive technology; reasonable accommodations or auxiliary aids or services; learned behavioral or adaptive neurological modifications; or psychotherapy, behavioral therapy or physical therapy.

The ameliorative effects of mitigating measures of ordinary eyeglasses or contact lenses shall be considered in determining whether an impairment substantially limits a major life activity.

“Ordinary eyeglasses and contact lenses” are lenses that are intended to fully correct visual acuity or to eliminate refractive error.

“Low-vision devices” means devices that magnify, enhance or otherwise augment a visual image. *42 U.S.C. 12102(4)(E); 28 C.F.R. 35.108(d)(1)(viii), (4)*

“Major Life Activities”

“Major life activities” include, but are not limited to:

- Caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others and working; and
- The operation of a major bodily function, such as the functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

In determining whether an impairment substantially limits a major life activity, the term “major” shall not be interpreted strictly to create a demanding standard. Whether an activity is a major life activity is not determined by reference to whether it is of central importance to daily life. *42 U.S.C. 12102(2); 28 C.F.R. 35.108(c), (d)*

“Physical or Mental Impairment”

“Physical or mental impairment” means:

- Any physiological disorder or condition, cosmetic disfigurement or anatomical loss affecting one or more body systems, such as: neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, immune, circulatory, hemic, lymphatic, skin and endocrine; or
- Any mental or psychological disorder such as intellectual disability, organic brain syndrome, emotional or mental illness and specific learning disability.

Physical or mental impairment includes, but is not limited to, contagious and noncontagious diseases and conditions such as the following: orthopedic, visual, speech and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, intellectual disability, emotional illness, dyslexia and other specific learning disabilities, Attention Deficit Hyperactivity Disorder, Human Immunodeficiency Virus infection (whether symptomatic or asymptomatic), tuberculosis, drug addiction and alcoholism.

Physical or mental impairment does not include homosexuality or bisexuality.

“Qualified Individual with a Disability”

The term “qualified individual with a disability” means an individual with a disability who, with or without reasonable modifications to rules, policies or practices, the removal of architectural, communication or transportation barriers or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the college district. *42 U.S.C. 12131(2); 28 C.F.R. 35.104*

“Individual with a Disability”

“Individual with a disability” means a person who has a disability. The term individual with a disability does not include an individual who is currently engaging in the illegal use of drugs, when the public entity acts on the basis of such use. *28 C.F.R. 35.104*

“Student with a Disability”

A “student with a disability” is one who has a physical or mental impairment that substantially limits one or more of the student’s major life activities, has a record of having such an impairment or is being regarded as having such an impairment.

The determination of whether an impairment substantially limits a major life activity shall be made without regard to the ameliorative effects of mitigating measures, such as medication, medical supplies, low-vision devices (which do not include ordinary eyeglasses or contact lenses), prosthetics, hearing aids, mobility devices, oxygen therapy, assistive technology or learned behavioral or adaptive neurological modifications.

An impairment that substantially limits one major life activity need not limit other major life activities in order to be considered a disability. An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.

A student meets the requirement of being “regarded as” having an impairment if the student establishes that he or she has been subjected to a prohibited action because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity. This provision does not apply to impairments that are transitory or minor. A transitory impairment is one with an actual or expected duration of six months or less.

Reasonable Modification

A public entity shall make reasonable modifications in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability, unless the public entity can demonstrate that making the modifications would fundamentally alter the nature of the service, program or activity.

A public entity is not required to provide a reasonable modification to an individual who meets the definition of “disability” solely under the “regarded as” prong of the definition of “disability” at 28 C.F.R. 35.108(a)(1)(iii). *28 C.F.R. 35.130(b)(7)*

Communications

A public entity shall take appropriate steps to ensure that communications with applicants, participants, members of the public and companions with disabilities are as effective as communications with others. A public entity shall furnish appropriate auxiliary aids and services where necessary to afford individuals with disabilities, including applicants, participants, companions and members of the public, an equal opportunity to participate in and enjoy the benefits of a service, program or activity of a public entity. In determining what types of auxiliary aids or services are necessary, a public entity shall give primary consideration to the requests of the individual with disabilities. In order to be effective, auxiliary aids and services must be provided in accessible formats, in a timely manner and in such a way as to protect the privacy and independence of the individual with a disability. *28 C.F.R. 35.160*

“Auxiliary Aids & Services”

“Auxiliary aids and services” include:

1. procedures, or by the provision of auxiliary aids or services as provided below. *28 C.F.R. 35.104*

In determining whether an individual poses a direct threat to the health or safety of others, a public entity must make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence, to ascertain:

1. The nature, duration and severity of the risk;
2. The probability that the potential injury will actually occur; and
3. Whether reasonable modifications of policies, practices or procedures or the provision of auxiliary aids or services will mitigate the risk. *28 C.F.R. 35.139*

This section does not affect the requirement under Government Code 411.205 that a person present a driver's license or identification certificate in addition to attain a concealed handgun license. *Business and Commerce Code 506.001*

5.8 RIGHTS, PRIVILEGES & RESPONSIBILITIES OF STUDENTS

The College's primary function is to provide education for those persons who enroll within the system. The goal of the College is to provide an educational environment that will include the opportunity for academic, social and personal growth. Enrollment in a state-supported educational institution of higher learning is not compulsory. It is optional and voluntary. By voluntary entrance into the academic community, the student assumes obligations of performance and behavior reasonably imposed by the institution of choice relevant to its lawful missions, processes and functions. Freedom of discussion, inquiry and expression is protected and nurtured in the classroom as the safeguard of the freedom to learn. Students are expected to exercise their freedom to learn in a manner consistent with the maintenance of good order. Responsibility for good order in the classroom is vested in the instructor and responsibility for maintaining order elsewhere is set forth in the "Code of Student Conduct and Discipline." The College assumes that the student has earnest educational purpose and maturity of reasonable behavior. This assumption continues until the student demonstrates otherwise. Every student is subject to federal, state and local laws and is expected to be familiar with the requirements of such laws. Any student who violates any provision of those laws is subject to disciplinary action, including expulsion, despite any action taken by civil

authorities on account of the violation. The College strives to assure due process and to outline specific ways of appeal in case of disagreement with administered discipline.

A. Student's Rights

Article I – A student shall have the right to participate in a free exchange of ideas, and there shall be no college rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition and peaceful assembly as set forth in the US Constitution. Contact the Dean of Student Affairs for approved areas.

Article II – Each student shall have the right to participate in all areas and activities of the College, free from any harassment and any form of illegal discrimination and without regard to any subgroup classification or stereotype.

Article III – A student has the right to personal privacy except as otherwise provided by law. This will be observed by students and College authorities alike.

Article IV – Each student subject to disciplinary action arising from violations of College student rules shall be assured procedural due process. At all judicial hearings, an accused student shall be assumed innocent until proven guilty, and in initial judicial hearings, the burden of proof shall rest with those bringing the charges. In all proceedings, the student shall be guaranteed substantive and procedural due process.

B. Student's Responsibilities

Article I – A student has the responsibility to respect the rights and property of others, including other students, staff, faculty and administration.

Article II – A student has the responsibility to be fully acquainted with the published College Student Handbook and to comply with it and with the laws of the land.

Article III – A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire College community.

Article IV – A student has the responsibility to recognize the College's obligation to provide an environment for learning.

5.9 GRAYSON COLLEGE MISSING PERSON POLICY

Grayson College operates two residence halls on the main campus to accommodate its residential students. The College and the residents share an equal responsibility in keeping the residence halls safe. In keeping with this responsibility, the College has adopted this Missing Persons Policy applying to all occupants of the residence halls.

Before a student may be admitted to a college residence hall, the student must be considered a legal adult and above the age of seventeen – no minors are admitted to the residence halls. In addition, the student must submit a completed residence hall occupant registration form, which includes the name of a contact person and how they can be contacted in the event the occupant/resident becomes missing from the residence hall. The contact information

submitted is confidential and may only be released to the person(s) specifically identified by the resident, to administrative officials of the College who may become involved in a missing persons investigation report involving the resident, and to law enforcement authorities investigating a missing person's report.

Custodial parents or guardians, along with any other designated contact person, of a 17-year-old unemancipated minor, will be notified in the event they are determined to be missing. A resident may be considered missing if the person is absent from the residence hall for a period exceeding twenty-four hours without any apparent reason and does not include persons who have indicated voluntary absence because of domestic, financial or similar cause. The residence hall supervisor, coordinator or any other concerned person must notify a Grayson College law enforcement official once they have determined that a resident is indeed missing on an involuntary basis and after a period of twenty-four hours has passed.

College law enforcement officials may be contacted for the purpose of submitting a missing person's report by calling or texting the Grayson College Police Department at 903-814-3343 or by contacting the Grayson County Sheriff's Office at 903-893-4388.

Procedures for Designation of Emergency Contact Information

Residential students will be given the opportunity to designate an individual or individuals to be contacted by the College in the event the student meets the missing person criteria.

Student notification of this policy and contact designation procedures will be:

- Included on the Grayson Housing webpage
- Discussed during new student orientations and mandatory housing meetings at the beginning of each semester

Official Notification Procedures

- Any individual on campus who has information that a residential student may be a missing person must notify the College Police Department as soon as possible.
- The Grayson College Police Department will gather all essential information about the residential student from the reporting person and from the student's acquaintances. Appropriate campus staff will be notified to aid in the search for the student.
- If the student cannot be located, no later than 24 hours after determining that the residential student is missing, the Residence Hall Coordinator will notify the confidential contact (for students 18 and over and emancipated minors) and/or the parent/guardian (For students under the age of 18).

5.10 IMMUNIZATION REQUIREMENTS FOR HEALTH SCIENCES

All persons planning a career in the Health Sciences must meet certain requirements mandated by state law or the clinical agencies where students are involved in patient-related activities. These requirements have been developed to protect both patients and students and must be met before participating in any required clinical education. In addition to the requirements listed, some programs in the Health Sciences Pathway may have additional requirements.

Students in all programs in the Health Sciences Pathway must show proof of the following immunizations (or a positive titer) before participating in clinical education:

- Hepatitis B (this is a series of 3 shots requiring 6 months to complete)
- Measles, Mumps, Rubella (MMR)
- Tdap (within the last 10 years)
- Varicella (Chicken pox)
- Flu vaccine for most current flu season

In addition to immunizations, students in the Health Sciences Pathway must show proof of a negative tuberculosis test annually, show proof of current CPR certification (American Heart Association Healthcare provider level), and pass a drug screen and criminal background check prior to attending clinical education.

Grayson College does not discriminate on the basis of race, color, national origin, sex, disability, religion, age, veteran status, gender identity or expression, sexual orientation, or other status protected by law. Sexual harassment, including sexual violence, is a form of sex discrimination prohibited by Title IX of the Education Amendments of 1972. The College does not discriminate on the basis of sex in its educational, extracurricular, athletic, or other programs or in the context of employment. Title IX of the Educational Amendments of 1972 prohibits discrimination on the basis of sex or gender in any educational program or activity receiving federal financial assistance by way of grant, contract or loan. Inquiries concerning the application of Title IX and its implementing regulations may be referred to the Title IX Coordinator or to the Office of Civil Rights.

5.12 SEX OFFENDER REGISTRY INFORMATION

In accordance with the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Grayson College Police Department is providing a link to the Texas state sex offender registry.

Persons wishing to inquire concerning registered sex offenders on campus may search the Texas Department of Public Safety registered sex offender database. A specific link is provided for searching by institutions of higher education.

Grayson College Police Department also maintains a list of registered sex offenders who are either a student, staff, faculty member or volunteer on campus. This list is open to public inspection during regular business hours.

Registered sex offenders who are students, staff, faculty or volunteers on campus are required to notify the law enforcement agency in which they are registered of their affiliation with Grayson College. Registered sex offenders are further required to notify the Chief of the Grayson College Police Department of their affiliation.

Notice to Registered Sex Offenders

If you are employed at, carry on a vocation at, or are a student at Grayson College, you must notify the campus Grayson College Police Chief that you will be attending classes, have become employed or will be carrying on a vocation. This includes both part- and full-time students as well as part- and full-time workers. This also includes non-paid volunteer positions. This includes both in-state and out-of-state residents.

A person subject to the notification requirement must notify the Chief of the Grayson College Police Department not later than, the seventh day after the date on which the person begins to work or attend school or the first date the applicable authority by policy allows the person to register.

Grayson College maintains a strict zero-tolerance policy for violators of this provision. Persons found to be in violation of this provision will be reported to the jurisdiction in which the sex offender is registered.

Limitations on Solicitation

Student solicitation shall be permitted in or on premises owned or controlled by the College District only if the solicitation does not violate a sole-source vendor contract clause and the solicitation is:

1. The sale or offer for sale of any newspaper, magazine or other publication in an area designated in advance by the Dean of Students for the conduct of such activity;
2. The sale or offer for sale of any food or drink item in an area designated in advance by the Dean of Students or a designated representative for the conduct of such activity;

5. The sale of raffle tickets by a registered student organization that can present to the Dean of Students written evidence from the Internal Revenue Service that the organization has been granted an exemption from taxation under 26 U.S.C. 501(c)(3), Internal Revenue Code.

No solicitation shall be conducted on the grounds, sidewalks or streets of any property either owned or controlled by the College District, except as approved by the Dean of Student Affairs.

No organization shall solicit under this policy for more than a total of 14 days, whether continuous or intermittent, during each fiscal year without prior written consent by the Dean of Students.

Use of College District Name

Only authorized students or registered student organizations shall be allowed to sponsor and engage in solicitation and/or fundraising activities under the name of the College District. All such activities shall be compatible with the mission and objectives of the College District and shall be approved by the Dean of Student Affairs in accordance with procedures developed for that purpose.

Conduct During Solicitation

Solicitation made pursuant to the terms of this policy must be conducted according to the following:

1. The solicitation shall not disturb or interfere with the regular academic or institutional programs being conducted in buildings or on property owned or controlled by the College District.

Sanctions

If a student or registered student organization is alleged to have violated this policy, the student or organization shall be subject to a reasonable investigation conducted by the Dean of Student Affairs or designee.

If the Dean of Student Affairs or designee determines that a solicitation is being conducted in a manner violating this policy, the Dean of Students prohibit the offending student or registered student organization from soliciting on the campus for such period or periods of time determined to be appropriate.

A student determined to be in violation of this policy shall be subject to disciplinary measures as described in policies FM and FMA. In the case of a registered student organization, the Dean of Student Affairs or designee may evoke the registered status of the organization in accordance with policy FKC.

Solomon Amendment

The Solomon Amendment, a federal law, mandates that institutions receiving certain federal agency funding must fulfill military recruitment requests for access to campus and for lists containing student recruiting information. If colleges do not comply, they may lose funds essential to their campus—so it is in their best interest to be knowledgeable about the law and develop a positive relationship with recruiters. The Solomon Amendment allows personally identifiable student information to be released to recruiters that would have been denied them under the Family Educational Rights and Privacy Act of 1974 (FERPA). If colleges release more information about students than either Solomon or FERPA allow, then colleges run the risk of being held liable for the offense.

Members of Congress passed the Solomon Amendment in 1996 because it determined that federal agencies, such as the Department of Defense, should be supported in their efforts by colleges that receive federal funding. It was seen as a way colleges could help the military meet national recruiting goals. Lawmakers also saw a need to pass a law requiring colleges to give the same rights to military recruiters that give to other employees seeking recruits among college student populations.

5.15 STATEMENT REGARDING DRUG-FREE SCHOOLS & CAMPUSES ACT

Grayson College is committed to maintaining a safe, healthy, lawful and productive working and educational environment for its students and employees. Studies have shown that excessive use of alcohol and use of illegal drugs and controlled substances increase the potential for unsatisfactory performance in the classroom and on the job, absenteeism, tardiness, inefficiency, accidents and poor morale. As per College policy (Policies DHB and FLBE), no student or employee shall, in any campus area, possess, use, transmit or be under the influence of any narcotic drug, hallucinogen- ie, amphetamine, barbiturate, marijuana, alcoholic beverage or other intoxicant (as those terms are defined by the Texas Controlled Substance Act). Any student or employee violating this policy shall be subject to disciplinary action consistent with federal, state and municipal law. Criminal prosecution may also be pursued. The Office of Counseling and Social Services, located in the Life Center, will provide confidential assistance to students, including making referrals to outside agencies.

5.16 STUDENT COMMUNICATION

Students are required to use their GC Canvas account or their Viking email account for all electronic communication. In order to ensure the identity of the student communicating electronically, GC faculty and staff will not reply to student communication that is sent through an email account other than a Viking email or Canvas account.

5.17 STUDENT COMPLAINTS

Local Guiding Principles Informal Process (GC Policy: FLD)

The College District encourages students to discuss their concerns with the appropriate instructor or other campus administrator who has the authority to address the concerns.

Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level. Informal resolution shall be encouraged but shall not extend any deadlines in this policy, except by mutual written consent.

Formal Process

A student may initiate the formal process described below by timely filing a written complaint. The Student Complaint Form can be found online: bit.ly/StudentComplaintForm

Even after initiating the formal complaint process, students are encouraged to seek informal resolution of their concerns. A student whose concerns are resolved may withdraw a formal complaint at any time.

The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor to require a full evidentiary hearing or "mini-trial" at any level.

Freedom from Retaliation

Neither the Board nor any College District employee shall unlawfully retaliate against any student for bringing a concern or complaint.

Notice to Students

The College District shall inform students of this policy through appropriate College District publications.

Complaints

In this policy, the terms "complaint" and "grievance" shall have the same meaning.

Student complaints shall be filed in accordance with this policy, except as required by the policies listed below. Some of these policies require appeals to be submitted in accordance with FLD after the relevant complaint process:

1. Complaints alleging discrimination or harassment based on race, color, gender, national origin, disability or religion. [See FFD]
2. Complaints concerning retaliation relating to discrimination and harassment. [See FDE]

3. Complaints concerning disciplinary decisions. [See FMA]
4. Complaints concerning a commissioned peace officer who is an employee of the College District. [See CHA]

General Provisions

Filing- All written complaints and appeal notices may be filed by hand-delivery, by electronic communication, including email and fax or by US Mail. Hand-delivered filings shall be timely filed if received by the appropriate administrator or designee by the close of business on the deadline. Filings submitted by electronic communication shall be timely filed if they are received by the close of business on the deadline, as indicated by the date/time shown on the electronic communication. Mail filings shall be timely filed if they are postmarked by U.S. Mail on or before the deadline and received by the appropriate administrator or designated representative no more than three days after the deadline.

Scheduling Conferences- The College District shall make reasonable attempts to schedule conferences at a mutually agreeable time. If a student fails to appear at a scheduled conference, the College District may hold the conference and issue a decision in the student's absence.

Response- At Levels One, Two and Three, "response" shall mean a written communication to the student from the appropriate administrator. Responses may be hand-delivered, sent by electronic communication to the student's Viking email or sent by U.S. Mail to the student's mailing address of record. Mailed responses shall be timely if they are postmarked by U.S. Mail on or before the deadline.

Days- "Days" shall mean College District business days. In calculating timelines under this policy, the day a document is filed is "day zero." The following day is "day one."

Representative- "Representative" shall mean any person who, or organization that, is designated by the student to represent the student in the complaint process.

The student may designate a representative through written notice to the College District at any level of this process. If the student designates a representative with fewer than three days' notice to the College District before a scheduled conference or hearing, the College District may reschedule the conference or hearing to a later date, if desired, in order to include the College District's counsel. The College District may be represented by counsel at any level of the process.

Consolidating Complaints- Complaints arising out of an event or a series of related events shall be addressed in one complaint. A student shall not file separate or serial complaints arising from any event or series of events that have been or could have been addressed in a previous complaint.

Untimely Filings- All time limits shall be strictly followed unless modified by mutual written consent. If a written complaint or appeal notice is not timely filed, the complaint may be dismissed, on written notice to the student, at any point during the complaint process. The student may appeal the dismissal by seeking review in writing within ten days from the date of

the written dismissal notice, starting at the level at which the complaint was dismissed. Such appeal shall be limited to the issue of timeliness.

Cost Incurred- Each party shall pay its own costs incurred in the course of the complaint.

Complaints & Appeals in Writing- Complaints under this policy shall be submitted in writing to the College District. Copies of any documents that support the complaint should be attached to the complaint. If the student does not have copies of these documents, copies may be presented at the Level One conference. After the Level One conference, no new documents may be submitted by the student unless the student did not know the documents existed before the Level One conference.

A written complaint or appeal that is incomplete in any material aspect may be dismissed but may be refiled with all the required information if the refiling is within the designated time for filing.

Level One

Written complaints must be filed:

1. Within 15 days of the date the student first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance; and
2. With the lowest level administrator who has the authority to remedy the alleged problem.

In most circumstances, students shall file Level One complaints with the department chairperson or appropriate dean. If the only administrator who has authority to remedy the complaint the alleged problem is the Level Two or Level Three administrator, the complaint may begin at Level Two or Three, respectively, following the procedure, including deadlines, for filing the complaint at Level One.

If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the written complaint was received and immediately forward the complaint to the appropriate administrator. The appropriate administrator shall investigate as necessary and schedule a conference with the student within ten days after receipt of the written complaint. The administrator may set reasonable time limits for the conference.

Absent extenuating circumstances, the administrator shall provide the student a written response within ten days following the conference. The written response shall set forth the basis for the decision. In reaching a decision, the administrator may consider information provided at the Level One conference and any relevant documents or information the administrator believes will help resolve the complaint.

Level Two

If the student did not receive the relief requested at Level One or if the time for a response has expired, the student may request a conference with the appropriate dean or vice president to appeal the Level One decision.

The appeal notice must be filed in writing within ten days of the date of the written Level One response or, if no response was received, within ten days of the Level One response deadline.

After receiving notice of the appeal, the Level One administrator shall prepare and forward a record of the Level One complaint to the Level Two administrator. The student may request a copy of the Level One record.

The Level One record shall include:

1. The original written complaint and any attachments.
2. All other documents submitted by the student at Level One.
3. The written response issued at Level One and any attachments.
4. All other documents relied upon by the Level One administrator in reaching the Level One decision.

The Level Two administrator shall schedule a conference within ten days after the appeal notice is filed. The conference shall be limited to the issues and documents considered at Level One. At the conference, the student may provide information concerning any documents or information relied on by the administration for the Level One decision. Recordings of the Level One and Level Two conferences, if any, shall be maintained with the Level One and Level Two records.

Two. At the conference, the student may provide information concerning any documents or information relied on by the administration for the Level Two decision. The Level Three administrator may set reasonable time limits for the conference.

The Level Three administrator shall provide the student a written response within ten days following the conference. The written response shall set forth the basis for the decision. In reaching a decision, the Level Three administrator may consider the Level One and Level Two record; information provided at the Level Three conference and any other relevant documents or information the Level Three administrator believes will help resolve the complaint.

Recordings of the Level One, Level Two and Level Three conferences, if any, shall be maintained with the Level One, Level Two and Level Three records.

Level Four

If the student did not receive the relief requested at Level Three or if the time for a response has expired, the student may appeal the decision to the Board.

The appeal notice must be filed in writing within ten days after receipt of the written Level Three response, or, if no response was received, within ten days of the Level Three response deadline.

The College President or designee shall inform the student of the date, time and place of the Board meeting at which the complaint will be on the agenda for presentation to the Board.

The College District shall determine whether the complaint will be presented in open or closed meeting in accordance with the Texas Open Meetings Act and other applicable law. [See BD]

The presiding officer may set reasonable time limits and guidelines for the presentation, including an opportunity for the student and administration to each make a presentation and provide rebuttal and an opportunity for questioning by the Board. The Board shall hear the complaint and may request that the administration provide an explanation for the decisions at the preceding levels.

The Level Four presentation, including the presentation by the student or the student's representative, any presentation from the administration and questions from the Board with responses shall be recorded by audio recording, video/audio recording or court reporter.

The Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If for any reason the Board fails to reach a decision regarding the complaint by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the administrative decision at Level Three.

A person who is a nonprofessional counselor or advocate designated in administrative procedures as a confidential source shall not be required to disclose information regarding an incident of prohibited conduct that constitutes personally identifiable information about a student or other information that would indicate the student’s identity without the student’s consent, unless the person is disclosing information as required for inclusion in the College District’s annual security report under the Clery Act. If so, the College District official shall immediately authorize or undertake an investigation, except as provided below at CRIMINAL INVESTIGATION

If the College District official determines that the allegations, if proven, would not constitute prohibited conduct as defined by this policy, the College District official shall refer the complaint for consideration under FFDA, as appropriate.

The College District shall proceed with its investigation only to the extent that it does not impede the ongoing criminal or regulatory investigation. After the law enforcement or regulatory investigation has completed gathering its evidence, the College District shall promptly resume its investigation.

Concluding the Investigation

Absent extenuating circumstances, such as a request by a law enforcement or regulatory agency for the College District to delay its investigation, the investigation should be completed within ten College District business days from the date of the report; however, the investigator shall take additional time, if necessary, to complete a thorough investigation.

The College District shall provide written notice of the outcomes, within the extent permitted by the Family Educational Rights and Privacy Act (FERPA) or other law, to the victim and the person against whom the complaint is filed.

The Title IX coordinator shall explain the process for filing a formal complaint and assess any request not to investigate. If the College District moves forward with the investigation, the Title IX coordinator shall immediately provide to the known parties to the complaint.

Request Not to Investigate- The complainant may request that the College District not investigate the allegations. If the complainant requests that the allegations not be investigated, in deciding whether to initiate the investigation, the College District must consider the factors described by law and any other factors the College District considers relevant.

Formal Complaint

To be considered a formal complaint under Title IX, the complainant or the Title IX coordinator must sign the written report.

Notice to Parties

The notice to the parties must describe the allegations and the formal and informal options for resolution of the complaint. The notice must state that the respondent is presumed not responsible until a determination regarding responsibility is made. The notice must also include information regarding the option to select an advisor, the opportunity to inspect and review evidence, and the prohibition of knowingly making false statements or submitting false information during the investigation and any ensuing proceedings.

Informal Resolution

The College District may offer to the parties a process for the informal resolution of a formal complaint as defined by law. If the parties voluntarily agree in writing to participate in informal resolution of the complaint, the Title IX coordinator shall determine within three days if

informal resolution is appropriate for the complaint. If the Title IX coordinator determines that informal resolution is appropriate, then the Title IX coordinator may facilitate that resolution within ten days. If the Title IX coordinator does not determine informal resolution to be appropriate, then the complaint will be subject to the formal resolution process. This process is not available in situations where an employee is alleged to have sexually harassed a student.

Formal Resolution

If the complaint is not subject to the informal resolution process, the Title IX coordinator shall authorize or undertake an investigation, except as provided below in Criminal or Regulatory Investigation.

Supportive Measures

If appropriate and regardless of whether a criminal or regulatory investigation regarding the alleged conduct is pending, the Title IX coordinator shall promptly provide supportive measures intended to address prohibited conduct, protect the safety of the parties and others, and protect the parties from retaliation prior to the completion of the investigation. Examples of possible supportive measures include academic accommodations, such as extensions of deadlines or other course-related adjustments and modifications of class schedules; housing and dining modifications; temporary removal from an education program or activity in accordance with law; counseling; health services; campus escort services; mutual restrictions on contact between parties; and increased security and monitoring of certain areas of campus.

College District Investigation

The investigation may be conducted by the Title IX coordinator or a designee or by a third party designated by the College District, such as an attorney.

The investigation may consist of personal interviews with the complainant, the respondent and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.

The parties shall be provided an equal opportunity to present witnesses and evidence and to inspect and review any directly related evidence obtained by the College District so that the parties may meaningfully respond during the investigation process. The parties expected to participate in an investigative interview or other meeting shall be provided written notice in enough time to prepare to participate.

At least ten days prior to the completion of the investigation report, the College District must send each party and the party's advisor evidence subject to inspection and review. The parties may submit a written response for consideration by the investigator.

Criminal or Regulatory Investigation

If a law enforcement or regulatory agency notifies the College District that a criminal or regulatory investigation has been initiated, the College District shall confer with the agency to determine if the College District's investigation would impede the criminal or regulatory investigation. The College District shall proceed with its investigation only to the extent that it does not impede the ongoing criminal or regulatory investigation. After the law enforcement or

regulatory agency has completed gathering its evidence, the College District shall promptly resume its investigation. Any delay under this provision shall constitute good cause for an extension of timelines established by this policy and associated procedures.

Concluding the Investigation

The investigation should be completed within a reasonable time, not to exceed 30 days from the date of the report. The investigator shall prepare a written report of the investigation. The investigation report shall be filed with the Title IX coordinator within five days following the completion of the investigation.

Notification of The Outcome

The Title IX coordinator shall provide the investigation report, within the extent permitted by Family Educational Rights and Privacy Act (FERPA) or other law, to the complainant and the respondent promptly following receipt. The parties shall be given ten days to respond to the report.

College District Action

The Title IX coordinator shall submit the investigation report and any response from the parties to the Title IX Decision-Maker promptly after receipt of the parties' response but no later than expiration of the parties' deadline to respond.

The Title IX Decision-Maker or designee shall summon the parties for a hearing to be held within a reasonable time, not to exceed ten days, following the receipt of the investigation report. The hearing shall be conducted in accordance with law and College District procedures.

After the hearing, the Title IX Decision-Maker or designee shall determine whether each individual allegation of prohibited conduct occurred using a preponderance of evidence standard and determine the appropriate disciplinary or corrective action. In making the determination, the Title IX Decision-Maker or designee shall evaluate all relevant evidence based on a person's status as the complainant, the respondent or a witness. The Title IX Decision-Maker or designee shall create a written determination regarding responsibility in accordance with law and College District procedures within five days following the hearing and submit the determination to the parties simultaneously.

Disciplinary or Corrective Action

If the Title IX Decision-Maker or designee determines that prohibited conduct occurred, the College District shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct.

Examples of corrective action may include:

- Implementing the disciplinary measures described in FM for students or DH and DM series for employees;
- Providing a training program for those involved in the complaint;
- Providing a comprehensive education program for the College District Community
- Providing counseling for the victim and the party who engaged in prohibited conduct;
- Permitting the victim or student who engaged in the prohibited conduct to drop a course in which they both are enrolled without penalty;

- Conducting follow-up inquiries to determine if any new incidents or any instances of retaliation have occurred;
- Involving students in efforts to identify problems and improve the College District climate;
- Increasing staff monitoring of areas where prohibited conduct has occurred;
- Reaffirming the College District's policy against discrimination and harassment; and
- Taking other actions described in the College District regulations.

Exception- The College District shall minimize attempts to require a student who complains of sexual harassment to resolve the problem directly with the person who engaged in the harassment; however, if that is the most appropriate resolution method, the College District shall be involved in an appropriate manner. Mediation shall not be used to resolve sexual harassment complaints.

Improper Conduct- If the Title IX Decision-Maker or designee determines that improper conduct occurred that did not rise to the level of prohibited conduct, the College District may take disciplinary action in accordance with College District policy and procedures or other corrective action reasonably calculated to address the conduct.

Confidentiality

To the greatest extent possible, the College District shall respect the privacy of the complainant or the respondent or a person who makes a report or services as a witness. Limited disclosures may be necessary to carry out the purposes of this policy and associated regulations and to comply with applicable law.

Retaliation

The College District prohibits retaliation against any person for the purpose of interfering with a right or privilege under this policy; the complainant; or a person who, in good faith, makes a report or complaint, serves as a witness or otherwise participates or refuses to participate in an investigation, proceeding, or hearing under this policy. This prohibition does not apply to discipline of a person who perpetrated or assists in the perpetration of the prohibited conduct.

A person who is alleged to have experienced retaliation may pursue a claim under this policy or policy DIIA, as appropriate.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

Failure to Report and False Claims

An employee who fails to make a required report or a student or employee who intentionally makes a false claim, offers a false statement, or refuses to cooperate with a College District investigation regarding prohibited conduct shall be subject to appropriate disciplinary action.

Appeal

If the Title IX Decision-Maker or designee determines that a student committed prohibited conduct that warrants a suspension, the official shall forward the determination and all evidence collected during the investigation and hearing to the College President. A conference

shall be scheduled within ten days of notice of determination in accordance with FMA, beginning at Appeal to College District Administration.

If the Title IX Decision-Maker or designee determines that the student committed prohibited conduct that warrants expulsion, the official shall forward the determination and all evidence collected during the investigation and hearing to the College President to schedule an expulsion hearing before the Board in accordance with FMA.

If the Title IX Decision-Maker or designee determines that the student committed prohibited conduct that warrants other discipline or corrective action, the Title IX Decision-Maker or designee shall inform the student that the student may appeal the determination within ten days in accordance with FMA, beginning at Appeal to College District Administration.

All other appeals related to this policy may be submitted through the applicable grievance policy beginning at the appropriate level. [See FLD (Local) for students.]

Records Retention

Retention of records shall be in accordance with the College District's records retention procedures. [See CIA]

5.22 TEXAS SUCCESS INITIATIVE ASSESSMENT (TSIA2)

Texas law requires that all new students in a public college or university have their academic skill level assessed prior to entry in a college-level class. The assessment helps students understand their skill levels in reading, writing and math and enables them to enroll in classes that appropriately match each individual's skill level. It is recommended that all students complete a free TSIA2 Study App located on the Testing Center webpage that includes instructional videos and sample test questions.

Students will enroll under one of these four options:

1. Option One – TSI Exempt

Currently, students may be exempt from the Texas Success Initiative if they meet one or more of the following criteria. Students must present proof of these exemptions at the time of registration. NOTE: Students with a disability are not exempt from assessment requirements but may receive testing accommodations with appropriate documentation.

- a. Transferred in from an out-of-state or private institution with grades of "A", "B" or "C" in designated courses taken within the past five years.
 - b. Students who have previously attended GC or any other Texas public college or University and who have already met Texas Success Initiative requirements.
 - c. Active duty military (U.S., Texas National Guard or U.S. Reserve Unit) in service for at least three years prior to enrollment at GC. Some academic classes require students to demonstrate college readiness before enrolling.
 - d. A student who on or after Aug. 1, 1990, was honorably discharged, retired or released from active duty as a member of the armed forces of the United States or the Texas National Guard or service as a member of a reserve component of the armed forces of the U.S. Please note that some academic classes require students to demonstrate college readiness before enrolling.
 - e. Earned an associate's or bachelor's degree or higher from a Texas public college or university.
 - f. Met the requirements for exemption in a college preparatory class at a high school with which Grayson College has an agreement.
 - g. *For testing exemptions students must meet one of the following criteria.*
 - Associate's degree or higher from an accredited college or university.
 - SAT: **Before 3-5-2016** 1070 Composite, 500 Critical Reading, Verbal & 500 Math. **After 3-5-2016** 480 EBRW and 530 Math

 - TAKS (11th Grade): 2200 ELA, 2200 Math & 3 or 4 Essay.
 - STAAR: English III Level 2 (Score of 2000 writing and/or in reading) & Algebra II Level 2 (Score of 4000)
 - VETERANS: DD 214 Form
 - TSI: Math 950 or higher OR diagnostic score of 6, ELAR 945 or higher and Essay of 5 or higher, OR ELAR 910-940 with diagnostic score of 5 or higher AND Essay score of 5 or higher.
 - ***All test scores expire 5 years after the test date.***
2. Option Two – TSI Waived
- Enroll in an eligible certificate program that allows assessment to be waived. Students enrolling in these programs will have their skills assessed and may enroll only in courses listed on their certificate plans. Success Initiative Waivers are available to students who meet one of the following criteria:
- a. Students enrolled in Level 1 certificate programs of 15 to 42 semester credit hours. Students enrolled in these certificates may take only courses listed on that certificate. Some Level 1 certificate programs include academic classes that require students to demonstrate college readiness before enrolling, and therefore, may not be exempt from the TSIA2.
 - b. Students who attended a private Texas or any out-of-state institution during the previous semester and are currently enrolling at GC on a temporary basis and not seeking a degree at GC. Temporary students must present proof of enrollment at a private or out-of-state institution during the immediately preceding semester.

- c. Full-time students from private Texas or any out-of-state institution concurrently enrolling in one or two GC courses (including distance learning courses) and not seeking a degree at GC.
 - d. Students enrolling in courses for self-enrichment only; not seeking a degree. Students may take a maximum of two courses on the enrichment list.
3. Option Three – College Ready
Students have fulfilled TSI college readiness requirements when they meet one of the following criteria:
- a. Received passing scores on the TSI Assessment.
 - b. Received a grade of A, B or C in their exit-level developmental math, reading and writing class. When student achievement reaches proficiency, students will be exited from any of the developmental reading or writing courses. Please note that before taking an EDUC course or seeking enrollment in the Associate of Arts Teaching program, you must still receive a passing score on any state-approved placement exam.
4. Option Four – Not College Ready
All students who do not qualify under TSI Options 1, 2 or 3 will receive an individualized Academic Success Plan. This plan will describe the sequence of developmental classes, retest requirements and options available for students to demonstrate college readiness. Students completing their Academic Success Plan will attain college-level skills in reading, writing and math while beginning work on academic courses on their degree plans.

Test Dates

There are some days/times that you may reserve a computer ahead of time, and there are some days/times that you may “drop-in” without a reservation to see if a testing computer is available. The TSI Assessment is given on both the Main Campus in Denison and the South Campus in Van Alstyne.

For current TSI testing schedules and steps to follow to register or drop-in, visit the Testing Center on the College website.

- College officials affected by this policy, including the Grayson College Police Department, Dean of Student Affairs and Director of Human Resources, will develop and administer office procedures for implementing this policy, for preventing sexual assaults and for informing students and others in more detail about the College’s sexual assault programs and the procedures followed once a sexual assault is reported.
- Law enforcement and medical personnel have extensive training in handling sexual assaults; therefore, they are authorized to use their own professional judgment with regard to individual circumstances, which may vary from the procedures in this Policy and Procedures.

2. Persons with knowledge of sexual assaults (whether the survivor or a third party) should report them to the Grayson College Police, the law enforcement agency in the area where the sexual assault occurred, or the Title IX Coordinator. When reporting a sexual assault, a survivor's identity may be kept confidential. Although the Crime Awareness and Campus Security Act of 1990, commonly referred to as the Jeanne Clery Act, requires Grayson College Police to compile crime statistics and make available an annual report of these statistics, Grayson College Police is not required to divulge any other information other than the fact that an incident was reported.
3. Survivors of sexual assaults are not required by law to report the assault or to pursue legal action. However, it is recommended that survivors report the assault immediately to Grayson College Police or the local law enforcement authority where the assault occurred in order to facilitate the collection of important evidence and to preserve their option for pursuing legal action at a later time. College officials will provide the survivor with assistance in notifying the proper authorities of a sexual assault. A survivor can request a pseudonym if she/he wishes to maintain anonymity.
4. Any person with knowledge or suspicion of a sexual assault of a minor (under 18 years of age), or of a sexual relationship between a person under 17 years of age and a person over 18 years of age, is required by state law to report the assault or relationship, including the minor's name, to law enforcement. The report should be made immediately. A person making a report involving a minor is immune from civil or criminal liability if the report is made in good faith. Failure to report the sexual assault of a minor is a Class B misdemeanor, punishable by law. Sexual assault reports involving a minor can be made to Child Protective Services online at dfps.state.tx.us and confidentially, by phone at 800-252-5400.

6. Preserving evidence may be necessary for the proof of sexual assaults. Persons with knowledge of a sexual assault should not touch, move or otherwise disturb evidence (such as clothing) and should not disturb the scene of the incident. Preserving the evidence means not tampering with the evidence or otherwise inadvertently destroying critical evidence. Trained law enforcement personnel should collect the evidence.

This law requires that all colleges and universities (both public and private) participating in federal student aid programs afford sexual assault victims certain basic rights. Schools found to have violated this law can be fined up to \$35,000 or lose their eligibility to participate in federal student aid programs. Complaints about schools that have failed to comply with this law should be made to the U.S. Department of Education.

An officer or employee of a political subdivision, including a college district, who is acting or purporting to act in an official capacity may not, because of the student's race, religion, color, sex, or national origin, refuse to permit the person to participate in a program owned, operated, or managed by or on behalf of the political subdivision; refuse to grant a benefit to the person; or impose an unreasonable burden on the person. *Civ. Prac. and Rem. Code 106.001(a)*

Exceptions

Exclusions from compliance are allowable on an individual basis for medical contraindications, reasons of conscience, including a religious belief, and active duty with the armed forces of the United States. Children and students in these categories must submit evidence for exclusion from compliance as specified in the Health and Safety Code 161.004(d), Health and Safety Code 161.0041, Education Code Chapter 51 and Human Resources.

Medical Reasons

To claim an exclusion for medical reasons, the student must present an exemption statement to the school or childcare facility, dated and signed by a physician (MD or DO) properly licensed and in good standing in any state in the United States who has examined the student. The statement must state that, in the physician's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or any member of the student's household. Unless it is written in the statement that a lifelong condition exists, the exemption statement is valid for only one year from the date signed by the physician. *Education Code 51.933(d); 25 TAC 97.62(1)*

Reasons of Conscience

To claim an exclusion for reasons of conscience, including a religious belief, the child's parent, legal guardian, or a student 18 years of age or older must present to the school or child-care facility a completed, signed, and notarized affidavit on a form provided by the Texas

Department of State Health Services (DSHS) stating that the child's parent, legal guardian, or the student declines vaccinations for reasons of conscience, including because of the person's religious beliefs. The affidavit will be valid for a two-year period from the date of notarization. A child or student, who has not received the required immunizations for reasons of conscience, including religious beliefs, may be excluded from school in times of emergency or epidemic declared by the health and human services commissioner.

The affidavit must be on a form provided by DSHS as described by Health and Safety Code 161.0041 and must be submitted to the admitting official not later than the 90th day after the date the affidavit is notarized.

This exception does not apply in a time of emergency or epidemic declared by the commissioner of state health services. *Education Code 51.933(d)–(e); Health and Safety Code 161.0041; 25 TAC 97.62(2)*

Military Duty

To claim an exclusion for armed forces, persons who can prove that they are serving on active duty with the armed forces of the United States are exempted from the requirements in the statutes described above. *Education Code 51.933(d)–(e); 25 TAC 97.62(3)*

Provisional Enrollment

Notwithstanding the other requirements in 25 Administrative Code 97.64, a student may be provisionally enrolled in the health-related courses if the student has received at least one dose of each specified vaccine prior to enrollment and goes on to complete each vaccination series as rapid as medically feasible in accordance with the Centers for Disease Control and Prevention's Recommended Adult Immunization Schedule as approved by the Advisory Committee on Immunization Practices (ACIP). However, the provisionally enrolled student may not participate in coursework activities involving the contact described in 25 Administrative Code 97.64(a) and/or 25 Administrative Code 97.64(d) until the full vaccination series has been administered. *25 TAC 97.64(c)(1)*

DSHS may by rule prohibit a student from attending school during the provisional enrollment period. *Att'y Gen. Op. GA-178 (2004)*

Failure to Properly Document Immunization

Students who claim to have had the complete series of a required vaccination, but have not properly documented them, cannot participate in coursework activities involving the contact described in 25 Administrative Code 97.64(a) and/or 25 Administrative Code 97.64(d) until such time as proper documentation has been submitted and accepted. *25 TAC 97.64(c)(2)*

Immunity

The immunization requirements in 25 Administrative Code 97.64(b) and 25 Administrative Code 97.64(d) [see REQUIRED IMMUNIZATIONS OF CERTAIN STUDENTS, STUDENTS IN HEALTH-RELATED COURSES and VETERINARY STUDENTS, below] are not applicable to individuals who can properly demonstrate proof of laboratory confirmation of immunity or laboratory confirmation of disease. Vaccines for which this may be potentially demonstrated and acceptable methods for demonstration, are found in 25 Administrative Code 97.65

[relating to Exceptions to Immunization Requirements (Verification of Immunity/History of Illness)]. Such a student cannot participate in coursework activities involving the contact described in 25 Administrative Code 97.64(a) until such time as proper documentation has been submitted and accepted. *25 TAC 97.64(c)(3)*

Acceptable Documents of Immunization

- Vaccines administered after September 1, 1991, shall include the month, day and year each vaccine was administered.
- Documentation of vaccines administered that include the signature or stamp of the physician or his or her designee, or public health personnel, is acceptable.
- An official immunization record generated from a state or local health authority is acceptable.
- An official record received from school officials including a record from another state is acceptable.
- All schools are required to maintain immunization records sufficient for a valid audit to be completed. *25 TAC 97.67-.68*
- Required Immunizations of Certain Students (see Students in Health-Related Courses)

Tetanus Diphtheria

Students must show receipt of one dose of tetanus-diphtheria-pertussis vaccine (Tdap). In addition, one dose of a tetanus-containing vaccine must have been received within the last ten years. Td vaccine is an acceptable substitute, if Tdap vaccine is medically contraindicated.

Measles, Mumps & Rubella Vaccines

Students born on or after January 1, 1957, must show, prior to patient contact, acceptable evidence of vaccination of two doses of a measles-containing vaccine administered since January 1, 1968, preferably MMR vaccine. Students born on or after January 1, 1957, must show, prior to patient contact, acceptable evidence of vaccination of one dose of a mumps vaccine. Students must show, prior to patient contact, acceptable evidence of one dose of rubella vaccine.

Hepatitis B Vaccine

Students are required to receive a complete series of hepatitis B vaccines prior to the start of direct patient care or show serologic confirmation of immunity to hepatitis B virus.

Varicella Vaccine

Each student is required to have received one dose of varicella (chicken pox) vaccine on or after the student's first birthday or, if the first dose was administered on or after the student's 13th birthday, two doses of varicella (chicken pox) vaccine are required. A written statement from a parent, legal guardian, managing conservator, school nurse or physician attesting to a child's/student's positive history of varicella disease (chicken pox) or varicella immunity is acceptable in lieu of a vaccine record for that disease. [See the form on DSHS's website at <http://www.dshs.state.tx.us/immunize/docs/c-9.pdf>] *Education Code 51.933; 25 TAC 97.64(a)-(b), .65(b)*

1. New student—a first-time student of an institution of higher education or private or independent institution of higher education, including a student who transfers to the institution from another institution of higher education. A student who was previously exempt under 19 Administrative Code 21.614(a)(2)–(5) will be treated as a new student, should the exception no longer apply.
2. Returning student—a student who previously attended an institution of higher education or private or independent institution of higher education before January 1, 2012, and who is enrolling in the same or another institution of higher education or private or independent institution of higher education following a break in enrollment of at least one fall or spring semester. *Education Code 51.9192(b); 19 TAC 21.612(1)*

Definitions

"Health Practitioner"

"Health practitioner" means any person authorized by law to administer an immunization. *Education Code 51.9192(a) (1); 19 TAC 21.612(3)*

"Online and Other Distance Education Course"

"Online and other distance education course" means a course in which the instructor and students are not in the same location. An online course typically involves web-based instruction but might also include correspondence instruction. An online or other distance education course that includes a face-to-face component, including meeting in a testing laboratory with other students, or meeting in a classroom to receive interactive video instruction, does not qualify as an online or other distance education course. *19 TAC 21.612(6)*

Evidence of Vaccination

A student to whom this section applies or a parent or guardian of the student must provide to the institution a certificate signed by a health practitioner or an official immunization record evidencing that the student has received a bacterial meningitis vaccination dose or booster during the five-year period preceding and at least ten days prior to the first day of the first semester in which the student initially enrolls at an institution, or following a break in enrollment of at least one fall or spring semester at the same or another institution.

A student is not required to submit evidence of receiving the vaccination against bacterial meningitis or evidence of receiving a booster dose if:

1. The student is 22 years of age or older by the first day of the start of the semester;
2. The student is enrolled only in online or other distance education courses;
3. The student is enrolled in a continuing education course or a program that is less than 360 contact hours or continuing education corporate training;
4. The student is enrolled in a dual credit course that is taught at a public or private kindergarten–grade 12 facility not located on a higher education institution campus; or

Exception for Medical Reasons or Reasons of Conscience

A student to whom this section applies, or a parent or guardian of the student, is not required to comply with immunization requirement if the student or a parent or guardian of the student submits to the institution:

2. An affidavit signed by the student stating that the student declines the vaccination for bacterial meningitis for reasons of conscience, including a religious belief. A conscientious exemption form from the DSHS must be used for students attending a public university, health-related institution, or private or independent institution of higher education. The form must be submitted to the designated department or unit no later than the 90th day after the date the affidavit is notarized; or
3. Evidence of submitting a conscientious objection form through a secure, Internet-based process developed and implemented by the DSHS. The Internet form may be used by entering students attending a public junior college. Public junior colleges may use the Internet-based process as the exclusive method to apply for an exemption from the vaccination requirement for reasons of conscience.

The exemption noted at paragraphs 2 and 3, above, does not apply during a disaster or public health emergency, terrorist attack, hostile military or paramilitary action, or extraordinary law enforcement emergency declared by an appropriate official or authority from the DSHS and in effect for the location of the college district the student attends. *Education Code 51.9192(d)-(d-2), (d-4); 19 TAC 21.614(b)-(c)*

Notification at Registration

Each institution of higher education shall provide, with the registration materials that the institution provides to a student to whom this section applies before the student's initial enrollment in the institution, written or electronic notice of the right of the student or of a parent or guardian of the student to claim an exemption from the vaccination requirement in the manner prescribed above and of the importance of consulting a physician about the need for immunization to prevent the disease. *Education Code 51.9192(d-6); 19 TAC 21.613(d)*

Designation of Official

Each institution of higher education must designate a department or unit to receive from the student evidence of receipt of an initial bacterial meningitis vaccination dose or booster during the five-year period preceding and at least ten days prior to the first day of the first semester in which the student initially enrolls at an institution, or following a break in enrollment of at least one fall or spring semester at the same or another institution. *19 TAC 21.613(b)*

This information shall be maintained in accordance with Family Educational Rights and Privacy Act Regulations and with the Health Insurance Portability and Accountability *Act. 19 TAC 21.613(c)*

Extension

Under justifiable circumstances, an administrative official of the designated department or unit of the institution may grant extensions to individual students to extend the compliance date to no more than ten days after the first day of the semester or other term in which the student initially enrolls. *19 TAC 21.613(e)*

6.1 ACADEMIC FRESH START

Students may, at the time of their application for admission to Grayson College, file for Academic Fresh Start in the Admissions and Records Office. All academic course credits or course grades earned exactly ten or more years prior to the starting date of the semester in which the applicant seeks to enroll will not be considered in the calculation of the grade point average.

1. A student will forfeit the use of all credits earned prior to enrollment under the Academic Fresh Start Policy. Courses taken prior to this time will not be used in the calculations of the student's grade point average.
2. The student's record will be inscribed with the notation "Academic Fresh Start Granted (date)." Transcript will display qualified courses under the Fresh Start section.
3. Policies concerning Academic Fresh Start are applicable only to Grayson College. They do not pertain to financial aid history or accumulated award limits. Other colleges may not recognize the reprieve.
4. To request Academic Fresh Start, a student must submit a completed application for admission, a written petition for Academic Fresh Start, complete a Fresh Start Application and all transcripts or prior college or university work to the Admissions and Records Office prior to the beginning of the semester of application.

Scholastic Standards

Good Standing: A student will be considered in good academic standing with a cumulative grade-point average (GPA) of 2.00 or higher.

Academic Warning: A student will be placed on academic warning when the cumulative GPA falls below 2.00 for one long semester.

Academic Probation: When a student's cumulative GPA remains below a 2.0 for more than one long semester, the student will be placed on academic probation. Students on probation

will be required to meet with their Success Coach to establish an individualized success plan. Students on academic probation are not eligible to hold office in student clubs/organizations.

Note: Financial Aid Satisfactory Academic Progress is a separate policy and may affect financial aid eligibility (please see the Financial Aid Satisfactory Academic Progress policy for further details).

6.2 ACADEMIC SUCCESS PLAN

Attendance in developmental classes is required. Students who are out of compliance with their Academic Success Plan will be required to enroll in appropriate self-paced developmental classes to regain compliance that semester. Failure to do so will result in being barred from future enrollment in academic coursework until the TSI/College- Readiness requirements are met in appropriate skill areas (or, under special situations, permission is granted by the appropriate Dean.) Students who fail to attend classes by the census date will automatically be dropped as a no-show.

Students who are not TSI exempt must demonstrate college readiness for reading, writing, and math in one of the following ways:

- Passing scores on the reading, writing, and math TSI assessment
- Successful completion of an approved college preparatory class (HB5) in reading, writing and/or math
- Successful completion of a corequisite course in reading, writing, and/or math
- After unsuccessfully attempting the TSI, having a cumulative GPA of 3.0 or higher and completing appropriate high school coursework.

Upon meeting the standards for college readiness, students will not be required to register for developmental courses.

Math Pathways- College level math courses are designed to serve the curriculum needs of unique degrees, however, many science, technology, engineering, and math (STEM) degrees will require the completion of MATH 1314 - College Algebra. Review the degree plan and/or speak with a Success Coach for more guidance.

Corequisites (Reading/Writing)- Students who have been placed in a corequisite course will enroll in an appropriate developmental lab course (INRW) in addition to the college-ready course. Attendance is required in both the college-ready course and the lab for credit. Upon successful completion of the highest college-ready course, the student will be considered TSI complete in reading and writing and may continue without further developmental English courses.

Students wishing to retake the TSI may do so at any time; however, it is recommended that students work closely with developmental instructors to determine whether they are prepared to pass the test.

College Prep Course and Dual Credit Students- High school juniors who take but do not pass the TSI may be enrolled in a college preparatory class if their high school has agreed to the terms set forth by the memorandum of understanding between Grayson College and

participating ISD's. Students who earn an A, B, or C in an English or math college preparatory class will be considered TSI complete in that subject area.

Instructional Services

Writing Center- The Writing Center provides consultation for academic and professional writing. Trained consultants act as an attentive and responsive audience to provide feedback at any stage of the writing process for any discipline. Online support is available through the Center's website.

Math Hub- The Math Hub provides a suitably quiet space for students to work on homework or lab work and have questions answered upon request. Our goal is to lead students to do the work. The Math Hub is also equipped with computers for students to use for their math classes, whether it be checking Canvas for an assignment, working online homework, completing an Excel project for Statistics or watching a math video. Students seeking one-on-one tutoring should visit the Math Hub to sign up for a weekly, one-hour timeslot.

Advising- Grayson College strongly encourages all students, regardless of academic skill level, to seek individual success coaching prior to scheduling classes in MyViking. The Success Coach Office is open daily to students with questions about course transfer, degree planning, transcript evaluation, college catalogs and other facets of college life.

Success Coaches are available to all students and are prepared to assist with career planning, vocational interest tests, college information, advising and evaluation of degree audit and transcript transfer evaluation. Veterans receiving educational benefits should see a Veterans' Success Coach located in the Veterans Services Office located on the 2nd floor of the Life Center.

The following students are required to receive academic advising:

1. Students who are entering GC for the first time. New students should contact the Success Coach office for degree requirements and planning.
2. Students who have not met assessment requirements.
3. Students who are required to be enrolled in developmental courses.
4. Students who are on academic probation and/or students who are returning from academic suspension.
5. Students who desire to change an academic major, update degree audit or transfer institution.
6. Students who are military veterans eligible for veteran's educational benefits will see a Success Coach located in the Veterans Services Office on the 2nd floor of the Life Center.

Success Coaches and Faculty Mentors are assigned to all students based on Pathway. Success Coaches and Faculty Mentors assist students with career options, academic requirements, transcript evaluation and campus and community support services. Success Coaching activities are designed to assist students in the successful completion of their needs and goals. Students who need additional career assistance should seek assistance from the Success Coach Office located in the Student Affairs Building. The Success Coach Office offers information, assistance and guidance to current students, alumni and community agency referrals free of charge.

Retesting- Students may retest at any time; however, it is recommended that they work

closely with professors to determine when prepared to pass the retest. Check with the Testing Center (903-463-8724) for information about scheduling a test date.

6.3 CLASS ATTENDANCE

Academic success is closely associated with regular class attendance and course participation. All successful students, whether on campus or online, are expected to be highly self-motivated. All students are required to participate in courses regularly and are obliged to participate in class activities and complete and submit assignments following their professors' instructions. Students taking courses during compressed semester time frames such as minimester and summer sessions should plan to spend significantly more time per week on the course. Responsibility for work missed because of illness or school business is placed upon the student.

Instructors are required to include in their syllabi the attendance policy for the courses(s) they teach. The college considers excessive absences equal to or greater than 15% of the course's requirements to be excessive.

6.4 ONLINE LEARNING

Online Learning Opportunities

Grayson College acknowledges the changing environments in which students learn and strives to provide enriched educational experiences and opportunities. Internet-based courses, both fully online and hybrid, offer students an alternative to the traditional classroom by providing convenient ways to earn college credit. Distance Learning students use their personal computers and/or on-campus computer labs for course content, discussions, exams and communication with instructors and classmates. Students enrolled fully-online may visit the campus for orientation, conferences with the instructor and some exams. Instructors are available for telephone and personal conferences and may also be contacted via email.

Fully Distance Education Courses Online

A course which may have mandatory face to face sessions totaling no more than 15% of the instructional time. Examples of face-to-face sessions include orientation, laboratory, exam review or an in-person test.

Hybrid/Blended Course

A course in which a majority (more than 50% but less than 85%) of the planned instruction occurs when the students and instructors are not in the same place.

Both fully online and hybrid courses offer the same quality and learning experiences and require the same time commitment as traditional, face-to-face courses but with added flexibility. Full college credit is awarded upon successful completion of internet-based courses and credit hours are equivalent to those offered on campus.

Visit the college website for the latest schedule of fully online and hybrid courses. Fully online courses will include INT or similar designation in the section number. Hybrid courses will contain HYB or similar designation in the section number.

Please note that some fully online courses require on-campus or proctored testing. Consult the course syllabus for complete details.

Getting Started

To take a fully-online or hybrid course, students will need a computer with Internet access. If applicable, additional hardware and/or software requirements will be listed in the syllabus.

Specialized Program Admissions

Some specialized programs have additional admission requirements which are listed in the program descriptions under each division. The College reserves the right to require vaccinations, physical examinations, and admission examinations at the student's expense.

Admission Requirements for Non-Citizen Students

It is the goal of Grayson College to make educational opportunities available to all students who can benefit from its programs. With such a goal, however, is the commensurate responsibility to make every effort to assure that students can function within the institution with a reasonable chance for success. The purpose of the admissions requirements for international students, therefore, is to recognize the difficulties students educated in a non-English speaking culture might have, and to establish guidelines designed to afford international students a reasonable assurance that they can function within an English-speaking institution of higher learning.

The following requirements apply to students who are not US citizens:

- **Legal Immigrant:** Submit a copy of I-551, then meet the same admission requirements as US citizens.
- **Refugee:** Submit a copy of Immigrant I-94 indicating Refugee Visa, then meet the same admission requirements as a US citizen.

The following exceptions apply to the English proficiency requirement:

- Students from Anguilla, Antigua/Barbuda, Australia, Bahamas, Barbados, Belize, Bermuda, British Guyana, Canada (except Quebec), Cayman Islands, Dominica, Falkland Islands (Islas Malvinas), Grenada, Guam, Guyana, Ireland, Jamaica/other West Indies, Liberia, Montserrat, New Zealand, South Africa, St. Helena, St Kitts & Nevis, St. Lucia, St. Vincent, Trinidad; Tobago, Turks; Caico Isle, United Kingdom, Virgin Island.

Admission Requirements for All Students

All materials required for admission to Grayson College should be on file in the Office of Admissions and Records prior to registration. A new or transfer student may be conditionally admitted with unofficial transcripts and will be allowed to register but will be placed on hold until all official transcripts have been received. Conditionally admitted students have one semester to submit official documents and are not eligible for financial aid.

Correspondence pertaining to admission should be addressed to the Office of Admissions and Records, Grayson College, 6101 Grayson Drive, Denison, Texas 75020. Refer to assessment requirements for other factors that affect registration. For questions, email admissions@grayson.edu.

6.6 GRADES OF INCOMPLETE

An "I" grade indicates incomplete coursework. It may be awarded only when approximately 80% or more of the course is completed and only when the student is otherwise earning a letter grade of B. Until removed, the "I" is not computed in the student's GPA. The time limit for removing the "I" is no later than the end of the next long semester but may be set for a shorter length of time by the faculty by recording it on the 'Incomplete Grade' form. An "I" grade not removed by the end of the time limit specified on the 'Incomplete Grade' form will be changed to an "F." Grades of "I" are updated to a letter grade when the faculty notifies the records office about the grade update before the "F" deadline.

Students are not required to re-register for courses in which they are only completing previous course requirements to change an "I" grade. In fact, students completing an "I" are discouraged from repeating the same course in a subsequent semester. However, if a student wants to audit or retake a course to complete course requirements, full tuition and fees must be paid. (Students who retake a course will receive a grade for the second attempt unless they drop before the deadline. Students who retake a course but do not fulfill the requirements for the "I" contract on the initial course attempt will receive an "F" as the grade for the initial attempt). All drops and withdrawals related to repeating courses may count towards the 6-drop limit. Students initiate the grade of "I" by initiating the paperwork with their instructor. The "Incomplete Grade" form and accompanying paperwork must be submitted with the "I" request to the department chair and dean. "I" requests not approved by the appropriate department chair and dean will not be accepted.

6.7 INSTRUCTIONAL ARRANGEMENTS: COURSE LOAD & SCHEDULES

Academic Load

Students who are enrolled for twelve or more semester hours are considered full-time students.

Long Semester

The normal load during the regular semester is six (6) academic courses or from fourteen to eighteen semester hours. Credit hours are taken during a 1st Term and 2nd Term are added to classes taken during the long session and mini session to determine academic loads. Students who wish to enroll in nineteen or more credit hours must obtain the permission of either the Director of Success Coaches, appropriate Dean, or the Director of Admissions and Records.

Summer Session

The normal load during each term of the summer session is six semester hours. The maximum

load for a six-week term is seven semester hours. Students may not earn in excess of fourteen semester hours during the two-term summer session, including summer evening sessions.

Mini Sessions

Students can enroll in two courses for the 5 week mini-session or one course for the 3 week mini-session or one course for the 5 week and course in the 3 week. Students may not enroll in two courses in the 5 week and one course in the three week.

Mid Term Session

The normal load for the eight-week term is two academic courses. However, the normal load during the regular long semester is six (6) academic courses or from fourteen to eighteen semester hours. Credit hours taken during a 1st Half-Session and 2nd Half-Session are added to classes taken during the long session to determine academic loads. Students who wish to enroll in nineteen or more credit hours must obtain the permission of either the Director of Success Coaches, appropriate deans, or the Director of Admissions and Records.

The normal course load for the summer session shall be seven semester hours for each five-week term or 12 semester hours for a full summer semester. Course loads in excess of seven semester hours per term or 14 semester hours for the summer semester shall require approval by the Director of Success Coaches, the appropriate dean or Vice President of Instruction.

The normal course load for a three-week mini-mester term is three hours. Course load in excess of three semester hours per term shall require approval by the Director of Success Coaches, the appropriate dean or Vice President of Instruction.

The normal course load for the five-week mini-mester term is seven hours. Course loads in excess of seven semester hours per term shall require approval by the Director of Success Coaches, the appropriate dean or Vice President of Instruction. If the five-week term is offered simultaneously to a three-week minimester, the hours taken in the three week mini-mester contribute to the seven-hour limit.

6.8 STUDENT GRADE APPEALS

The purpose of the Student Grade Appeal process is to provide an opportunity for a student to appeal his/her grade when he/she believes a penalty of an unfair grade is adversely affecting his/her academic standing or was unfairly imposed.

The College District encourages students to discuss their concerns and with the appropriate Instructor or other campus administrator who has the authority to address the concerns. Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level. Informal resolution shall be encouraged but shall not extend any deadlines in this policy, except by mutual written consent.

Students will not be allowed to appeal grades recorded on permanent records after the end of the immediate long semester following the course for which the grade was received.

Student Grade Appeals shall follow the same processes outlined in Section 5 of the Student Handbook.

6.9 RESIDENCY REQUIREMENTS FOR TUITION PURPOSES

Residency Requirements for Tuition Purposes

To be considered a Texas resident, students must clearly establish residence in Texas for the 12 months preceding their enrollment. Documentation of Texas residency may be required in addition to the application for admissions.

1. An in-county student is an individual who is a resident of Texas (as defined by the Texas Education Code, Section 54.075) and who resides in Grayson County on the census date of the term.
2. An out-of-district student is a resident of Texas (as defined by the Texas Education Code, Section 54.075) who resides outside of Grayson County on the census date of the term.
3. An out-of-state student is an individual who has not resided in Texas for 12 months preceding registration. Anyone who enrolls as a non-resident of Texas is presumed to remain in that classification as long as he/she continues as a student. Most students on temporary visas will also be classified as nonresidents for tuition purposes. Contact the Admissions and Records Office for visas eligible for in-state residency.

NOTE: Oklahoma residents are classified as non-residents but are eligible to receive a waiver of non-resident tuition and will be charged out-of-district rates, upon providing the same documentation as required of Texas residents.

The responsibility for registering under the proper residency classification is that of the student, and any question concerning the student's right to classification as a resident of Grayson County must be clarified prior to enrollment at Grayson College. Changes of address affecting residency should be reported promptly to the Admissions and Records Office. The Admissions and Records Office handles all residency appeals. The residency appeal and supporting documentation is the responsibility of the student.

Documents to Support Residency

Documentation of Texas residency may be required in order to pay in-state tuition. Generally, the following documents may be used in meeting residency requirements:

- Texas public, private, home school or high school transcript (if enrolled in the last 12 months) showing three years of attendance and graduation date.
- Letter of employment on company letterhead (verifying one year of employment).
- Proof of paying in-state tuition at a Texas public institution of higher education during the previous fall or spring long semesters.

Waiver for Property Ownership

Persons who own property in Grayson County and reside outside the taxing district may be eligible for an ad-valorem waiver. Contact the Admissions and Records Office for information.

6.10 SCHOLASTIC INTEGRITY

Plagiarism is a form of scholastic dishonesty involving the theft of or fraudulent representation of someone else's ideas or words as the student's original work. Plagiarism can be intentional/deliberate or unintentional/accidental. Unintentional/Accidental plagiarism may include minor instances where an attempt to acknowledge the source exists but is incorrect or insufficient. Deliberate/Intentional plagiarism violates a student's academic integrity and exists in the following forms:

- Turning in someone else's work as the student's own (such as buying a paper and submitting it, exchanging papers or collaborating on a paper with someone else without permission, or paying someone else to write or translate a paper),
- Recycling in whole or in part previously submitted or published work or concurrently submitting the same written work where the expectation for current original work exists, including agreeing to write or sell one's own work to someone else,
- Quoting or copy/pasting phrases of three words or more from someone else without citation,
- Paraphrasing ideas without citation or paraphrasing incompletely, with or without correct citation, where the material too closely matches the wording or structure of the original,
- Submitting an assignment with a majority of quoted or paraphrased material from other sources, even if correctly cited, when original work from the student is expected,
- Copying images or media and inserting them into a presentation or video without citation,
- Using copyrighted soundtracks or video and inserting them into a presentation or video without citation,
- Giving incorrect or nonexistent source information or inventing source information,
- Performing a copyrighted piece of music in a public setting without permission,
- Composing music based heavily on someone else's musical composition.

Students should refer to their course syllabus. Infractions may result in disciplinary options on behalf of the faculty member and/or dean.

6.11 SERVICE LEARNING

What Is It?

Many academic and workforce programs, courses and student groups at Grayson College are involved in Service Learning. So, what is Service Learning? Service Learning is not just volunteering. The work that students do should be tied to 2 or 3 learning outcomes for the course and faculty should be able to prove that they have met the learning outcomes. Usually, the service-learning project is for a grade in the class. It can be a single assignment or a project. The faculty member decides the hour requirement. Service Learning is a pedagogy (a teaching method). It should be discipline specific and utilized to meet academic objectives. It should be faculty-led and be part of a grade requirement. Often, students are encouraged to select a service-learning project that is related to his or her career goal.

How Does It Work? Steps in Service Learning:

1. Faculty member defines the learning objectives
2. Students define and research community need

3. Partner with a community agency
4. Determine the specific project
5. Students do research prior to service
6. Students perform service, reflect on experience and assess learning
7. More specific details will be explained in individual courses, programs or student organizations.

6.12 STUDENT ABSENCES ON RELIGIOUS HOLY DAYS

Grayson College will allow students who are absent from class for the observance of a religious holiday to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence. The form for requesting absence for holy days may be obtained from the Dean of Student Affairs.

“Religious holy day” denotes holy days observed by a religion whose places of worship are exempt from property taxation under section 11:20, Tax Code.

A student who is excused under this section may not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination.

6.13 STUDY RECOMMENDATIONS FOR SUCCESS

Each hour spent in class requires three hours of study outside of class. In other words, if a student takes a three-credit hour class, nine hours of outside study is recommended in order for the student to be successful in class.

Students interested in this method of payment should follow the steps below to get to the e-Cashier payment plan website:

1. Sign into MyViking student portal
2. Select Student Planner from Applications
3. Click on the 'Home' button on the top left-hand corner
4. Select 'My Ledger' from the options
5. Change term located on the top right-hand corner

8.1 GRADING & ACADEMIC STANDING

Grade Reports & Transcripts

Final grades are available to students through MyViking. A transcript of college work is an official copy of the student's permanent record listing all coursework at the College and bearing the signature of the Registrar. Students may obtain copies of their official transcript by following the steps located on the college website. Official transcripts will not be released to students with academic or financial holds until such holds are cleared.

Academic Achievement Grading & Credit (GC Policy: EGA Local)

Grayson College shall have appropriate standards for evaluating student performance and for determining grades and graduation requirements.

GC uses the following grading systems:

- A The student demonstrates mastery of course content and meets course objectives. The grade of A is an exceptional grade attained by students demonstrating exceptional performance of college-level work.
- B The student demonstrates mastery of course content and meets selected objectives. The grade of B is an above-average grade attained by students demonstrating above average performance of college-level work.
- C The student demonstrates acceptable competency in coursework and meets selected course objectives. The grade of C is an average grade attained by students demonstrating the average performance of college-level work. Students with concurrent enrollment for high school and college credit must maintain a minimal grade of C in the course.
- D The student demonstrates minimal performance in course work and does not meet course objectives. The grade of D is considered unsatisfactory in a student's major field of study, and this grade generally does not transfer.
- F Failure. No credit is given for the grade of F.

- I Incomplete. The grade of "I" indicates that the student has a valid excuse for failure to complete the work required during the semester. Incomplete work should be completed within the regular term. Failure to remove an "I" during the succeeding regular term may result in an "F" being placed on the permanent record.
- W Withdrew from course
- P Passing
- S Satisfactory (used for non-degree courses)
- U Unsatisfactory (used for non-degree courses)
- AU Audit (used for audited courses)

Value of Grade Points

In determining grade point averages (GPAs), all hours where grade points are given shall be considered in computing GPAs.

Grade points are granted on college courses on the basis of the value in semester hours of the course and the grade made in the course as follows:

- A = 4 grade points per semester hour
- B = 3 grade points per semester hour
- C = 2 grade points per semester hour
- D = 1 grade point per semester hour
- F = 0 grade points per semester hour

Grade Point Determination

The GPA is computed by dividing the total number of grade points earned as shown on your transcript (PTS) by the total number of Graded Credits shown as HRS on your Transcript. Grades of I, W, P, S, U, NC and F in pass/fail courses are excluded from GPA calculation.

Grades earned in developmental courses are also excluded from GPA calculation.

Instructional Services

Grayson College accepts appropriate coursework from accredited institutions outside the United States, provided that the student successfully completed the courses.

Foreign Coursework

Students requesting credit for foreign coursework must first apply for admission to Grayson College (GC) and enroll in courses. To receive transfer credit from foreign institutions, students must bring an official copy of their college transcript and a course-by-course international credential evaluation from a foreign credential evaluation service recognized as a member of the National Association of Credential Evaluation Services (NACES), such as World Education Services (WES) or Foreign Credential Service of America (FCSA) to the GC Admissions Office. The request for evaluation and any costs associated are the responsibility of the student.

GC will determine the total number of semester transfer credits by the end of the first semester of enrollment at GC. To avoid additional costs and delays in posting information, students are encouraged to acquire these materials promptly. GC does not accept foreign coursework for courses in English and Speech.

For the purpose of the Texas Success Initiative (TSI), students who have completed the equivalent of a U.S. associate's or bachelor's degree from an accredited college or university outside the United States are exempt from placement testing. In order to receive this exemption, students must bring an official copy of their college transcript and a course-by-course international credential evaluation from a foreign credential evaluation service recognized as a member of the National Association of Credential Evaluation Services (NACES), such as World Education Services (WES) or Foreign Credential Service of America (FCSA) to the GC Admissions Office. The request for evaluation and any costs associated are the responsibility of the student. Foreign students who have not completed a degree are required to meet TSI requirements before enrolling in courses that lead to an associate degree. Students enrolling in certificate programs must complete the required placement testing for the certificate they are seeking.

8.2 ACADEMIC ACHIEVEMENT: GRADUATION REQUIREMENTS (GC Policy: EGC Local)

The Board shall establish graduation requirements in a manner consistent with applicable law. The College District catalog shall address the degrees and certificates, the semester credit hours or continuing education units, and other requirements that must be satisfied to obtain each degree or certificate awarded by the College District.

Graduation is an automatic process at Grayson College, in accordance with procedures established by the College President and published in the College District catalog. A student must submit an application to participate in the commencement ceremony.

See the College Catalog for complete information.

Automatic Graduation

Graduation is an automated process at Grayson College, which helps streamline the process for students and ensures that transcripts reflect the earned degree or certificate. Each semester a review of degree audits is completed by the Admissions and Registrar's Office to determine those students who are eligible for graduation.

Application

Students eligible for graduation must meet with a Success Coach or Faculty Mentor to determine if all degree requirements have been met and complete the application for graduation to ensure student information (address, full name, email, major, etc.) is up to date. It is the responsibility of the student to know the application deadline as published on the Grayson College website.

Ceremony Participation

All students approved for graduation are invited to attend the commencement ceremony. Ceremony details can be found on the College website.

Deferral

In order to postpone graduation, the student must complete a deferral form in the Registrar's Office at the beginning of the semester of eligibility to graduate. Failure to complete this form will result in the degree being automatically awarded.

Summer Completers

Students completing degree requirements in Summer 1 are eligible to participate in the spring ceremony. Students completing degree requirements in Summer 2 are eligible to participate in the fall ceremony.

Diplomas will be mailed approximately six to eight weeks after the end of the semester.

8.3 AUDITING A CLASS

When space is available, persons wishing to audit a course may do so by completing an application and meeting the admission criteria stated in the Admissions section of the Catalog. Full tuition will be charged for auditing a course. Auditors must complete the Request for Audit form in the Admissions and Records Office on or before the official census date published in the Schedule of Classes or for Continuing Education students no later than first class day. After the official census date, a student's audit status may not be changed. Students auditing courses will receive grades of AU (Audit). Students will not be allowed to audit a class if they have not completed the above.

8.4 CHANGE OF SCHEDULE

After completion of regular registration, students who wish to change their schedules must do so in the Success Coach Offices on the schedule change dates published in the Academic Calendar. Classes dropped on or before the official census date of the term will not appear on the student's transcript. The census date is published in the Academic Calendar. Any changes in schedules after the official census date must be approved and may negatively affect students receiving financial aid.

8.5 CREDIT FOR COURSES

Credit is granted on the basis of semester hours at Grayson College. Generally, a semester hour of credit is given for satisfactory performance in one lecture period of 50 minutes per week for a 16-week semester or equivalent. Two hours of laboratory work are usually considered to be the equivalent of one hour of lecture. For Continuing Education students, 10 class hours equal one CEU.

8.6 DROPPING A CLASS

Prior to the Census date, students may request to drop a course in the Success Coach Offices. After the census date, students must initiate the drop process with their instructor. Students cannot drop a course by leaving a message on voicemail. Students must drop prior to the Drop deadline to receive a "W." Distance Learning students or emergency withdrawals can seek assistance by contacting their Success Coach via email. Dropping a course may negatively affect financial aid, so students are encouraged to consult the Financial Aid Office prior to dropping a class.

8.7 GRADE REPORTS & TRANSCRIPTS

A transcript of college work is an official copy of the student's permanent record listing all course work at the College and bearing the signature of the Registrar. Students may obtain copies of their official transcripts through the online Student Clearinghouse or through walk-up requests.

Student Clearinghouse Online Transcript Requests

All former and current students can visit studentclearinghouse.org to request a transcript. Submit a request for an official transcript for a fee paid by a major credit card. Requests are typically handled within 3 business days. Some record holds can prevent a student from obtaining an official GC transcript. Students will be notified by email if a hold is present on the account. Please monitor email account for updates on the request.

Walk-Up Requests

Transcripts are available in the Office of Admissions and Records on both campuses. Request an official transcript by completing a request form and showing a photo ID with a full name. Due to federal privacy laws, the transcript can only be released directly to the student, unless a signed release form is on file allowing the release to parents/others. An ID is needed to pick up transcripts.

Continuing Education transcripts are available from the Admissions and Records Office. Unofficial copies may be obtained free of charge by using MyViking.

8.8 GRADUATE GUARANTEES

Transfer Guarantee

Grayson College guarantees that courses taken at the College, selected from an official degree plan, will transfer to any selected public-supported college or university in Texas. When a student and an authorized Success Coach or division dean signs a document listing the student's course of study for a program, this document is considered an official degree plan. If a student takes courses accordingly and he/she is not accepted at the public-supported college or university, Grayson College will offer to the student, from curriculum as shown in the appropriate edition of the General Catalog, alternate courses that are acceptable, without the cost of tuition/fees to the student. The College will make this guarantee for all new college

students who file an official degree plan with the Success Coach Offices. The College will make this guarantee for all presently enrolled students after an authorized counselor, or division dean reviews an up-to-date transcript and develops an official degree plan, presented by the student to the Success Coach Offices. In the event of a dispute over the transferability of a Grayson College course at a state-supported college or university, the student must notify Grayson College. If the College cannot resolve the dispute with the college or university, then Grayson College will provide the student — within one year from the time of the dispute — alternate and appropriate courses without the cost of tuition/fees.

Employment Guarantee

If an Associate of Applied Science (AAS) graduate or graduate of a certificate program is judged by his/her employer to be lacking in technical job skills identified as exit competencies for his/her specific degree or certificate programs, the graduate will be provided up to nine tuition/fee-free credit hours of additional skill training by GC under the conditions of the guarantee policy. Special conditions that apply to the guarantee include the following:

- The student must earn his/her degree/certificate in an occupational program listed in Grayson College General Catalog as of 1993-spring semester or later.
- The graduate must have completed the AAS degree or certificate at GC (with a majority of credits being earned at GC) and must have completed the degree/certificate within a four-year time span.
- The student must be employed full-time within six months after graduation in an occupation directly related to the specific program completed at Grayson College.
- The employer must certify in writing that the student lacks the entry-level job skills identified as such by Grayson College for the program in which he/she is enrolled. The employer must specify the areas of deficiency within 90 days of initial employment.
- The employer, graduate, division dean, and appropriate faculty member will develop a written educational plan for retraining.
- Retraining will be limited to nine credit hours related to the identified skill deficiency and to those classes regularly scheduled during the period covered by the retraining plan.
- All retraining must be completed within a calendar year from the time the educational plan is agreed upon.

8.9 STUDENT CLASSIFICATION

Students are classified as freshmen, sophomore or special students according to the amount of work they have completed. A freshman is one who has completed less than thirty semester hours of college credit; a sophomore is one who has completed at least 30 but less than 60 semester hours of college credit. A student who has earned 60 or more semester hours is classified as a Junior. A student who has earned more than 90 hours is classified as a Senior.

8.10 TRANSFER CREDIT DISPUTES

The following procedures shall be followed by public institutions of higher education in the resolution of credit transfer disputes involving lower-division courses:

1. If an institution of higher education does not accept course credit earned by a student at

- another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied.
2. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Board rules and/or guidelines.
 3. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date, the student received written notice of denial, the institution whose credit is denied for transfer shall notify the Commissioner of the denial.

The Commissioner of Higher Education or the Commissioner's designee shall make the final determination about the dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

9.4 FINANCIAL AID & VETERANS SERVICES

The Office of Financial Aid is available to help eligible students meet the cost of attending college. Financial aid opportunities include: scholarships, grants, loans, exemptions, vouchers, work opportunities, and other sources to qualified students enrolled in eligible programs. The level of federal and/or state financial aid provided to students is based upon demonstrated financial need. Processing time is usually two to three weeks; students are encouraged to complete a FAFSA at studentaid.gov/h/apply-for-aid as early as possible.

The Department of Education releases the FAFSA application on October 1st of each year. The income information needed to complete the FAFSA is now considered to be the prior-prior year. Example: the FAFSA for the 2022-2023 year will use 2020 income tax returns.

Advantages of filing your FAFSA as early as possible:

- Ample time to submit any documents requested by the Department of Education
- Many state funds are awarded based on priority date of submission
- Time for financial planning for the upcoming school year
- Many awards are allocated by funding amounts (first come, first serve eligibility)

Satisfactory Academic Progress Policy for Financial Aid (SAP)

Regulations for federal and state financial aid programs require that students make satisfactory academic progress (SAP) to be eligible for financial aid funding. SAP consists of three components and all three components must be satisfactory in order to be eligible to receive federal and/or state financial aid. SAP will be determined at the end of each semester, including summer. SAP will not be evaluated at the end of each term within the semester. It is important to be aware of how this evaluation relates to Title IV state aid and differs from academic requirements and earning a degree. Although standards may differ among colleges, all colleges are required to include certain components detailed below. Students who do not have an academic history at Grayson College (first-time college enrollment or incoming transfer student) are evaluated upon receipt of their FAFSA information and enrollment.

Satisfactory Academic Progress = GPA + Pace (Completion Rate) + Max Time Frame

All three standards must be met for SAP to be maintained. SAP is evaluated using cumulative grades and credit hours. This includes semesters when no aid was received.

1. **Grade Point Average (GPA):** Students enrolled in college-level course work must maintain a cumulative GPA of at least a 2.0.

Grades of A, B, C, D, and F contribute toward the cumulative GPA. Academic, dual credit, fresh start, and developmental courses are included in the cumulative GPA calculation for financial aid eligibility.

2. **Pace (Completion Rate):** Students must earn at least 67% of all courses attempted in their academic career.

Grades of A, B, C, D, P, and S are treated as successfully completed and earned. Grades F, W, and I are not. Fresh start, developmental and college-level course work is included in pace. All repeat courses are included in attempted credits and any courses with passing

grades are treated as earned. Courses taken on an audit basis and/or continuing education classes, do not count when determining enrollment status for financial aid, nor considered as courses earned or unearned for purposes of determining pace.

Pace = Cumulative Earned Hours (Credits) ÷ Cumulative Attempted Hours (Credits)

3. **Max Time Frame:** Students pursuing a degree and/or certificate may not receive financial aid for more than 150% of the attempted credit hours of the published program length as stated in the Grayson College Catalog. Withdrawals, drops, repeated courses, and transfer hours are counted toward the total hours attempted each semester.

Warning, Suspension & Failure to Maintain Satisfactory Academic Progress

Financial Aid Warning: Financial Aid Warning occurs the first semester following when the cumulative grade point average is less than 2.0 and/or cumulative pace is less than 67% for any semester. The Director of Financial Aid also reserves the right, through professional judgment, to place a student on Financial Aid Warning. There is no need to appeal financial aid warning. Students will receive financial aid for one additional semester while on warning; this includes student loans. If, by the end of the warning semester, a student is not meeting satisfactory academic progress, the student will be placed on financial aid suspension. There is no warning period for exceeding the max time frame.

Financial Aid Suspension: If, after being on financial aid warning, a student has a cumulative grade point average less than 2.0 and/ or a cumulative completion rate less than 67% they will be placed on Financial Aid Suspension. If a student exceeds the max time frame for their program, or it is no longer mathematically possible for a student to complete their program before reaching maximum timeframe, they will be placed on financial aid suspension. Students on Financial Aid suspension may continue to enroll at Grayson College at their own expense. Students may regain their eligibility for financial aid by raising their GPA and/or Pace.

Appeal Process: Students placed on financial aid suspension may have the right to appeal due to mitigating circumstance(s) that affected the student's progression toward the successful completion of their program of study. Information regarding the appeal process can be found online at <https://grayson.edu/FinancialAid/satisfactory-academic-progress.html> or by contacting the Office of Financial Aid. Once the office has received the appropriate documentation, the Appeals Committee will review and respond to the request.

Academic Fresh Start: Students who apply and receive approval for Academic Fresh Start for the Office of Admissions and Records does not exempt them from meeting all three components of satisfactory academic progress for financial aid at Grayson College. All courses will be considered in the calculations for satisfactory academic progress components for financial aid including fresh start. Cumulative GPA, cumulative attempted and cumulative earned hours will not be recalculated for satisfactory academic progress.

Repeated Courses & Courses Dropped before the Official Census Date

Credits that have been repeated will be considered toward the max time frame for the student's program and be counted in the calculation for Pace. Courses dropped before census date will not be considered in max-time or pace calculation.

Students who withdraw completely from their courses or receive any combination of all F, W and/or I

Federal regulations require the institution to perform a Return to Title IV (R2T4) calculation for all students who are within this category. Students will be notified of the amount of unearned aid that must be returned to GC and/ or the Department of Education.

Establishing Aid in the Office of Financial Aid

Each Student seeking federal and/or state financial aid must complete the Free Application for Federal Student Aid (FAFSA). Students and/or parents are encouraged to obtain an FSA ID to sign the FAFSA electronically. Failure to sign the application electronically may delay the processing of your application. Grayson College's school code (003570) must be entered on the FAFSA in order for the Office of Financial Aid to receive the application. To complete a FAFSA electronically go to the website <https://studentaid.gov/h/apply-for-aid>. Computers are located in the Grayson College library or outside the Office of Financial Aid in the Student Affairs Building.

Financial Aid status can be reviewed by accessing MyViking Student Planner. For more information about requirements, qualifications, and application deadlines, contact the Office of Financial Aid.

Federal Pell Grant

The Federal Pell Grant Program was designed to provide more students with the opportunity to attend college. Grants are based upon financial need and are awarded to eligible students enrolled in an approved degree or certificate program. The length of this grant is limited to 6 full years or 12 full-time semesters.

Federal Supplemental Education Opportunity Grants (FSEOG)

A limited number of students who demonstrate financial need and whose circumstances justify financial assistance in addition to the Pell Grant may be eligible for this grant. Students must be enrolled for at least six semester hours of college credit course work or the equivalent per semester.

TEOG Grant (Texas Educational Opportunity Grant)

This grant is awarded based on eligibility, financial need, and availability of funds. The purpose of the TEOG Grant program is to provide grant aid to financially needy students enrolled in Texas public colleges.

Texas Public Education Grant (TPEG)

This grant is awarded based on financial need and availability of funds. Students must be enrolled for at least three semester hours of college credit course work or the equivalent during each semester. No individual award may be more than the student's financial need.

Federal Direct Subsidized Loan

This loan is available to qualified students based upon financial need. Loan limits are published on the GC website and are available in the Office of Financial Aid. The interest rate, determined by the federal government, does not accrue and does not have to be paid while the borrower is enrolled in at least half-time and while the borrower is within the time frame of

their program length. Repayment usually begins six months after the student graduates, drops below half-time, or leaves school.

Federal Direct Unsubsidized Loan

This loan is not based on financial need and may be available to students who may not be eligible for the subsidized loans; but may not exceed the limits set by the federal government, listed on the GC website. The interest rate is determined by the federal government and begins accruing immediately on the date of disbursement.

Federal Direct PLUS Loan

This loan is available to qualified parents of dependent students, who may borrow up to the cost of attendance minus any other financial assistance. The interest rate is set by the federal government and is a variable rate, not to exceed 10%. Repayment of PLUS loans begins within 60 days of the final disbursement. Applicants of this loan must pass a credit check.

The Veteran Services Office serves as a liaison between Grayson College and the Department of Veterans Affairs in conjunction with the Texas Veterans Commission and is located on the second floor of the Life Center.

Requirements to receive federal and state educational benefits vary depending on the character of service and the program specific requirements. The Department of Veteran Affairs and the Texas Veterans Commission requires qualifying veterans and other eligible persons receiving federal and state educational benefits to declare and follow specified certification and/or degree plans as reflected in the College Catalog. Students are advised to consult the Veteran Services Office for assistance with information and enrollment in federal and state educational benefits and other college programs.

Contact the Veteran Services Office by email for information concerning required documentation and any other additional information at veterans@grayson.edu.

Transcripts

The official college transcript will provide a final record of the credits attempted by the veteran or qualified veteran dependent each semester. Final grades are submitted by the faculty and maintained on permanent file in the Admissions and Records Office.

A veteran or qualified veteran dependent who applies for admission to Grayson College must submit official transcripts from all previous colleges attended. Veterans must submit the Joint Services Transcript (JST) for evaluation of possible credits for military service. If the veteran or qualified veteran dependent attended another institution but withdrew before any credits could be earned, an official letter must be submitted by that institution stating no credits were earned.

If any credits earned are applicable towards the certification and/or degree plan of the student, approval will be made by a student's Success Coach or the appropriate instruction Dean, if necessary. Courses previously taken and that earned a grade of at least a "D" may be accepted as credit. Veterans and qualified veteran dependents receiving federal and state educational benefits cannot repeat courses they have already received a "D" or better in, unless the course, certification, and/or degree plan specifically requires a "D" or better in to complete.

The official college transcript will provide a final record of the credits attempted by the veteran or qualified veteran dependent each semester.

Hazlewood

The Hazlewood exemption waiver may be used for courses, certifications, and/or degree plans for qualifying veterans and veteran dependents at Grayson College. The Veteran Services Office is available to assist the veteran or qualified veteran dependent student with this exemption waiver. Visit tvc.texas.gov/ for more information concerning the Hazlewood Act.

Parent Institutions

In order to receive federal and/or state educational benefits through the Department of Veteran Affairs and/or the Texas Veterans Commission for courses taken at Grayson College that are part of another institution's degree plan, students must obtain a Parent Institution Letter from that institution and submit it to the Veteran Services Office.

Minimum Standards of Progress for Students Receiving VA Educational Benefits

A student receiving federal and/or state educational benefits through the Department of Veteran Affairs and/or the Texas Veterans Commission must maintain a cumulative grade point average (GPA) of 2.00 or higher to be considered as making Satisfactory Academic Progress.

Probation

A student receiving federal and/or state educational benefits through the Department of Veteran Affairs and/or the Texas Veterans Commission who fails to achieve a cumulative GPA of 2.0 or higher after one semester shall be placed on Academic Probation. The student shall be reported to the Department of Veteran Affairs as being placed on Academic Probation.

Suspension

A student receiving federal and/or state educational benefits through the Department of Veteran Affairs and/or the Texas Veterans Commission on probation who fails to achieve a current GPA of 2.0 or higher at the end of the first probationary period shall be reported to the Department of Veteran Affairs Regional Office as making unsatisfactory progress. A student has the right to appeal the suspension. A student will not be certified for federal and/or state educational benefits through the Department of Veteran Affairs and/or the Texas Veterans Commission without an approved appeal.

Appeal Procedure

Students receiving federal and/or state educational benefits through the Department of Veteran Affairs and/or the Texas Veterans Commission will be placed on academic suspension due to lack of satisfactory progress. Students may appeal the denial of federal and/or state educational benefits due to an unusual or extraordinary situation that affected the student's progression toward the successful completion of their program of study. Examples of unusual circumstances include, but are not limited to; injury or illness of the student or immediate family member, death of an immediate family member of the student, or other extenuating circumstances.

The appeal must be submitted in writing to the Financial Aid office and should include an explanation of the reason(s) why the minimum Satisfactory Academic Progress (SAP) standards were not achieved and a copy of any and all supporting documents. Students must provide a copy of their degree plan that has been signed by their Success Coach.

If the appeal is reviewed and subsequently approved by the Appeal Committee, the student will be placed in a probationary status and on an Academic Success Plan. The Academic Success Plan will provide a series of criteria to ensure the success of the student for the upcoming semester. The Academic Success Plan must be signed by the student and the Veterans Services Office Advisor. The student must show progress by successfully completing the attempted courses with at least a 2.50 GPA for the term.

The student must meet attendance requirements during that term. The Director of Financial Aid and Veteran Services shall also have the authority to place conditions upon the certification for those cases covered under federal and/or state educational benefits through the Department of Veteran Affairs and/or the Texas Veterans Commission provided through the institution.

Students who have their appeal approved will be notified of the conditions that must be met in order to regain eligibility for federal and/or state educational benefits through the Department of Veteran Affairs and/or the Texas Veterans Commission provided through the institution.

The student's progress will be re-evaluated at the end of the semester. If conditions of the appeal and Academic Success Plan are met, the student will be removed from a probationary status. If the conditions of the appeal and Academic Success Plan are not met, the student is placed on Academic Suspension.

Attendance Policy for Students Receiving VA Educational Benefits

Students using federal and/or state educational benefits through the Department of Veteran Affairs and/or the Texas Veterans Commission to attend Grayson College will have their

attendance monitored until such time as the student drops, graduates, or completes their certification, and/or degree plan. The attendance policy (15% of the total program and/or being absent five (5) consecutive days) will apply throughout the student's stay in school. All violations of the attendance policy shall be reported to the Department of Veteran Affairs on VA Form 22-1999b within 30 days of the student exceeding the maximum allowed number of absences. The student may be administratively withdrawn from the course for non-compliance to the student attendance policy.

At the conference, the Dean of Student Affairs or designee shall notify the student of the allegation or allegations and provide the student an opportunity to respond.

10. The committee members shall deliberate in closed session. The committee members shall vote on the issue of whether or not the student violated College District policies and procedures, including the rules for student conduct.
11. If the committee finds the student did commit misconduct, the committee shall determine whether the penalty assessed, or proposed in the case of suspension, by the Dean of Students or designee is appropriate and, if necessary, shall assess a different or additional penalty.
12. The committee chairperson shall communicate the decision and any findings of facts in support of the committee's decision to the student in writing within ten College District business days of the hearing. The notice shall include procedures for appealing the committee's decision to the College President.

All hearings shall be recorded by the College District. A stenographic digest of the recording shall be made if needed for an appeal, and, on request, the student shall be given a copy of the digest. The student or the student's representative may listen to the tape recording and compare it with the digest.

Evidence

Evidence shall be handled in accordance with the following:

1. Legal rules of evidence do not apply; the committee chairperson may admit evidence or exclude evidence considered to be irrelevant, immaterial, and unduly repetitious.
2. At the hearing, the College District shall be required to prove by a preponderance of the evidence that the charges are true.
3. A student may not be compelled to testify.
4. The committee shall determine if a violation has occurred and assess an appropriate penalty based solely on the evidence presented at the hearing.

Appeal to College District Administration

A student may, within ten (10) College District business days of receiving notice of the disciplinary appeal committee's decision, petition in writing the College President to review the decision.

The student's petition shall state with particularity why the decision is believed to be incorrect. After receiving notice of the appeal, the disciplinary appeals committee chairperson shall forward all evidence considered during the hearing, the audio recording of the hearing, and the digest of the hearing, if applicable, to the College President.

The College President shall hold a conference within ten College District business days after the appeal notice is filed. At the conference, the student may provide information concerning any documents or information relied on by the committee. The College President may set reasonable time limits for the conference. The conference shall be audio recorded.

The College President shall provide the student a written response, stating the basis of the decision, within ten College District business days following the conference. In reaching a decision, the College President may consider the evidence included in the student's petition, provided during the conference, and forwarded by the committee chairperson. The College President may act to affirm, modify, remand or reverse the decision of the disciplinary appeals committee.

Appeal to Board

If the College President affirmed or modified the decision of the disciplinary appeals committee or if the time for a response has expired, the student may appeal the decision to the Board. The appeal notice must be filed in writing, on a form provided by the College District, within ten College District business days after receipt of the written response from the College President, or, if no response was received, within ten College District business days of the response deadline.

The College President or designee shall inform the student of the date, time, and place of the Board meeting at which the appeal will be on the agenda for presentation to the Board.

The College President or designee shall provide the Board the evidence presented to the College President, as well as the audio recording of the College President's conference with the student and the written response provided by the College President to the student.

The College District shall determine whether the appeal will be presented in open or closed meeting in accordance with the Texas Open Meetings Act and other applicable law. [See BD]

The presiding officer may set reasonable time limits and guidelines for the presentation, including an opportunity for the student and the administration to each make a presentation and provide rebuttal and an opportunity for questioning by the Board. The Board shall hear the appeal and may request that the administration provide an explanation for the decisions at the preceding levels.

In addition to any other record of the Board meeting required by law, the Board shall prepare a separate record of the hearing. The hearing, including the presentation by the student or the student's representative, any presentation from the administration and questions from the Board with responses, shall be recorded by audio recording, video/audio recording or court reporter.

The Board shall then consider the evidence. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If for any reason the Board fails to reach a decision regarding the evidence by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the Dean of Students decision.

Expulsion Hearing

If the Dean of Students or designee determines that the student's misconduct warrants expulsion [see CONFERENCE, above], the Board shall convene to conduct an expulsion hearing. The College President or designee shall inform the student of the date, time, and place of the Board meeting at which the appeal will be on the agenda for presentation to the Board. The notice shall contain the contents described at DISCIPLINARY APPEALS COMMITTEE—CONTENTS OF NOTICE, above.

The College President or designee shall provide the Board the documentation presented by the dean of students.

The Board shall proceed according to the procedures set out at DISCIPLINARY APPEALS COMMITTEE—FAILURE TO APPEAR FOR HEARING, HEARING PROCEDURE, and EVIDENCE, above, with the Board substituted for references to the committee and the presiding officer of the Board substituted for the committee chairperson.

10.2 RESIDENCE LIFE

Students interested in economical housing might consider the residence halls at Grayson College. The residence halls have common lounge areas for entertaining guests, as well as study lounges and game rooms in each residence hall. Television cable services are available. The halls have free laundry facilities for residents. The residence halls have live-in staff. Students living in the residence halls must purchase a meal plan.

Residence halls are closed during the winter break and summer. Residents should plan for alternative living arrangements for these periods. The residential housing program at Grayson College strives to promote the services necessary for students to live comfortably in a group environment and provide an atmosphere in which students may develop socially as well as intellectually. An online application can be found on the Grayson website under Campus Housing.

For additional information concerning room and board, contact the Housing Coordinator by calling 903-463-8791 or email at housing@grayson.edu.

Background Checks for On-Campus Residents

To improve the safety and security of students, SB 146 permits public colleges to perform in-depth background checks on incoming students applying to live on campus. According to SB 146, the public college's chief of police and the institution's housing office may access background checks from the Department of Public Safety (DPS) secure website. The background check consists of criminal history records (e.g., past crimes, active warrants), which can only be obtained for incoming or current students who apply to reside in on-campus housing. They cannot be ordered for students who commute.

The background check will not be utilized to assess enrollment eligibility for the college; rather, it will only be used in the vetting process for on-campus student housing. Furthermore, criminal history information obtained through this process will not be released or disclosed to any other person without a court order or consent from the student in question. As soon as possible, after the academic semester begins in which the student applied for on-campus housing, all criminal history information obtained in the background check will be destroyed by either the chief of campus police or the institution's housing office.

10.3 SERVICE: COMFORT ANIMALS ON-CAMPUS

How do I know how my animal is classified?

A dog individually trained to do work or perform tasks for the benefit of a disability is a service animal.

- Recognized by the ADA. It is the handler's right to have the dog provide a service.
- Can go everywhere the handler goes; trained to respond to the handler's needs.
- The use of this animal on campus does not prompt registration with Disability Services or College Housing.

Emotional Support Animal

A dog/cat not trained to respond to any stimuli is an assistance/ emotional support animal. The animal's presence is its value.

- Covered under the Fair Housing Act (not recognized by ADA because there is no right to comfort).
- Animal's presence as support, well-being, or comfort does not constitute work or tasks.
- The use of this animal in Housing must be approved through the Coordinator of Disability Services and the Director of Student Life and Housing.

Service Dogs in Training

A dog in training to perform a task for the benefit of a disability must be accompanied by an approved trainer at all times.

- ADA recognizes one's ability to train their own animal. However, the ADA does not recognize a service animal in training as a service dog and does not allow the same access.
- Service Animals in Training must be accompanied by an approved handler at all times.

- The use of this animal on campus must be approved through the Coordinator of Disability Services.
- If a student is the approved (certified) trainer, then documentation stating such must be provided to the Coordinator of Disability Services. If the student is NOT an approved trainer, both the student and service dog in training must be accompanied by an approved trainer at all times.

State of Texas Human Resource Code

TITLE 8. RIGHTS AND RESPONSIBILITIES OF PERSONS WITH DISABILITIES Sec. 121.005.
RESPONSIBILITIES OF PERSONS WITH DISABILITIES.

- a. A person with a disability who uses an assistance animal for assistance in travel is liable for any damages done to the premises or facilities by the animal.
- b. A person with a disability who uses an assistance animal for assistance in travel or auditory awareness shall keep the animal properly harnessed or leashed, and a person who is injured by the animal because of the failure of a person with a disability to properly harness or leash the animal is entitled to maintain a cause of action for damages in a court of competent jurisdiction under the same law applicable to other causes brought for the redress of injuries caused by animals.

Sec. 121.006. PENALTIES FOR IMPROPER USE OF ASSISTANCE ANIMALS.

- a. A person who uses a service animal with a harness or leash of the type commonly used by persons with disabilities who use trained animals, in order to represent that his or her animal is a specially trained service animal when training has not in fact been provided, is guilty of a misdemeanor and on conviction shall be punished by:
 1. A fine of not more than \$300; and
 2. 30 hours of community service to be performed for a governmental entity or nonprofit organization that primarily serves persons with visual impairments or other disabilities, or for another entity or organization at the discretion of the court, to be completed in not more than one year.
- b. A person who habitually abuses or neglects to feed or otherwise neglects to properly care for his or her assistance animal is subject to seizure of the animal under Subchapter B, Chapter 821, Health and Safety Code.

Grayson College Housing Service and Assistance Animal Procedure:

All assistance animal requests (service animal in training or emotional support animal) must be submitted to the Coordinator of Disability Services located on the second floor of the Student Success Center. Upon approval of the accommodation of an assistance animal, the student is responsible for submitting the approval to the Housing Coordinator along with any other required documentation.

Students with service animals should familiarize themselves with the following procedures. After signing the acknowledgment, the student is responsible for submitting this form to the Director of Student Life and Housing along with any other required documentation.

No animal will be permitted in residence halls that:

- Is not approved by the DS office (Assistance Animals)
- Is not approved by Housing Coordinator
- Poses a direct threat to the health or safety of others
- Would cause a substantial physical damage to the property of the College and other residents

- Would pose an undue financial and administrative burden to the College
- Would fundamentally alter the nature of the College's housing operations

Standards for Service or Emotional Support Animals

All service or approved assistance animals must comply with applicable laws regarding animals, including Chapter 4 – Animals in the City of Denison Code of Ordinances, their treatment and care, and must also meet the following standards:

Dogs (Service & Assistance Animals)

- All required immunizations must be current, and a copy of the immunizations must be on file with the Director of Student Life and Housing.
- Dogs must be licensed, and a copy of the license must be on file with the Director of Student Life and Housing.

- A Certificate of Health signed by a veterinarian certifying the dog is healthy and free from any signs of infectious or contagious diseases, parasites, etc. must be on file with the Director of Student Life and Housing.
- Collars and tags must be worn at all times. The dog must be kept on a leash at all times when outside the residence hall. Dogs must never be allowed to run freely.
- Dogs must possess friendly and sociable characteristics. A specific dog can be restricted from the premises by the Director of Student Life and Housing or designee based on any confirmed threatening or territorial behavior. Dogs classified as "Dangerous Dogs" (Texas Health and Safety Code Title 10., Chapter 833, Subchapter A, Sec. 822.041) and "Dangerous Dogs" (Denison City Ordinance, Chapter 4, Article II. Sec. 4-39)
- Service animals in training are permitted with certified trainers.
- Dog obedience and training programs are highly recommended.

Domestic Cats (Assistance Animals Only)

- All required immunizations must be current, and a copy of the immunizations must be on file with the Director of Student Life and Housing.
- Cats must be licensed, and a copy of the license must be on file with the Director of Student Life and Housing.
- Cats must be spayed or neutered. A copy of the veterinarian's report must be on file with the Director of Student Life and Housing.
- A Certificate of Health signed by a veterinarian certifying the cat is healthy and free from any signs of infectious or contagious diseases, parasites, etc. must be on file with the Director of Student Life and Housing.
- Collars and tags must be worn at all times. The cat must be kept on a leash at all times when outside the residence hall. Cats must never be allowed to run freely.

Any Other Animal

Other animals will be considered on a case-by-case basis by the Director of Student Life and Housing or designee. Animals defined as "Dangerous Wild Animals" in the Texas Health and Safety Code §822.101 (big cats, apes, bears, hybrids of these animals), primates, high rabies risk animals (bats, fox, raccoon, coyote) venomous animals and domestic animals with unknown health history are not allowed.

Standards of Behavior by Animal & Animal Owner

Health, sanitary, safety and disruptive standards must be maintained as follows:

- The student must have an already established relationship with the animal (Emotional Support Animals).
- Animals require daily food and attention, as well as a daily assessment of their general health, behavior and overall welfare.
- Animals cannot be left unattended overnight at any time. If the owner must be away, they must either take the animal with them, or make arrangements for them to be cared for elsewhere, which does not include other residence hall spaces.
- In shared living spaces, the animal must be in an appropriate container if the owner is not in the room with the animal
- Emotional support animals must not be taken into the residence hall offices, administrative offices, common space or student living areas.
- Animal waste must be taken care of and any animal handler or owner must comply with Denison City Ordinance Chapter 4 Article I. Sec. 4-1. Animal feces, defined as cat litter box contents and any solid animal waste, must be disposed of properly. It is the owner's responsibility to remove feces from College grounds, dispose of it in a plastic bag, and then place that bag in the garbage dumpsters outside. Cleanup must occur IMMEDIATELY. Animal feces may not be disposed of in any trash receptacle or through the sewer system inside any building on the Grayson College campus. Waste MUST be taken to any residence hall dumpster for disposal.
- Residents with cats must properly maintain litter boxes. In consideration of the health of the cat and occupants of the residence hall room, cat litter box contents must be disposed of properly and regularly. The litter box must be changed with new cat litter regularly as outlined by the manufacturer.
- Animal-accidents within the residence hall room must be promptly cleaned up using appropriate cleaning products.
- Regular and routine cleaning of floors, kennels, cages and litter boxes must occur. The odor of an animal emanating from the residence hall room is not acceptable. [see Cleaning Section below]
- Any flea infestation must be attended to promptly by the Director of Student Life and Housing contracted professional extermination company at owner's expense. Owners are expected to promptly notify the dorm office or the Director of Student Life and Housing facilities staff and arrange for extermination when a flea problem is noted. Animal owners may take some precautionary measures such as: flea medications prescribed by veterinarians, flea and tick collars, taking the animal to the veterinarian for flea and tick baths.
- Animals must not be allowed to disrupt others (e.g., barking continuously, growling, yowling, howling, etc.). Animals which constitute a threat or nuisance to staff, residents or property, as determined by the Director of Student Life and Housing or designee, must be removed within seven (7) days of notification. If Grayson College Police Department personnel determine an animal poses an immediate threat, animal control may be summoned to remove the animal. If the behavior of an animal can be addressed by the owner and the owner can change the behavior of an animal so the animal does not have to be removed, then a written action plan must be submitted by the owner. The action plan must outline the action to take place to alleviate the problems and also must give a deadline as to the length of time the plan will take to complete. Any action plan must

meet the approval of the Housing Coordinator or designee. The day after the deadline for removal from the residence hall, Housing Coordinator or designee will do a residence hall room inspection to check damages and infestation and then the mandatory cleaning and extermination will be scheduled. Any animal owner found not adhering to the removal directive will be subject to disciplinary action, which could include contract cancellation.

- An animal must not be involved in an incident where a person experiences either the threat of or an actual injury as a result of the animal's behavior. The animal owner will take all reasonable precautions to protect college staff and residents, as well as the property of the college and of the residents.
- The owner will notify residence life staff via the hall office if the animal has escaped its confines and is unable to be located within eight (8) hours.
- All liability for the actions of the animal (bites, scratches, etc.) is the responsibility of the owner. Violations concerning any of the aforementioned may result in the resident having to find alternative housing off-campus for the animal and, as warranted, may also result in a resident being in breach of their housing contract.
- The owner must notify the Disability Services Office if the animal is no longer needed or is no longer residing on Grayson College property. If the animal will be replaced, the owner must submit a new request.

Cleaning & Damages

- When the resident moves out of his/her residence hall room, or no longer owns the animal, the residence hall room will be assessed to determine if damage to department property can be attributed to the animal. Housing maintains the right to conduct residence hall room inspections annually for the purpose of assessing damage caused by the animal or otherwise determining the resident's compliance with this procedure.
- The animal owner has an obligation to make sure that the residence hall room is as clean as the original standard. If the room has carpeting, this also includes regular vacuuming and spot cleaning. Damages and extraordinary cleaning caused by the animal are the responsibility of the resident. Replacement or repair of damaged items will be the financial responsibility of the owner and assessed by the Housing Coordinator.

Service & Assistance Animal Procedure Acknowledgement

The Disability Services Coordinator, Housing Coordinator and student will need to sign the Service and Assistance Animal Procedure Acknowledgement Form. This form is available from the Coordinator of Disability Services.

Documentation for Housing Accommodations

A form must be completed by the student and licensed Physician. This form is available from the Coordinator of Disability Services.

Service Animals in Training Policy

The document (ada.gov/regs2010/service_animal_qa.html) published by the Office of Civil Rights addresses two key points:

1. The ADA does not require service animals to be professionally trained. People with disabilities have the right to train the dog themselves and are not required to use a professional service dog training program.
2. **HOWEVER**, service-animals-in-training are not considered service animals. Under the ADA, the dog must already be trained before it can be taken into public places. Thus, until the

training is complete, the service animal in training does not have the same protection and privileges as a fully trained service animal. Some State or local laws cover animals that are still in training.

The State of Texas does recognize Service Animals in Training to have access to the same areas as trained service animals as long as they are accompanied by an approved trainer. Grayson College requires the student to provide documentation of their certification as the trainer from an approved organization. *State of Texas Code Sec.121.003*

Requirements for Students:

1. Complete the Disability Services Verification Form for Service Animals in Training. This form does not register the student with Disability Services for classroom accommodations, but if the student wants to apply for services, he/she can do so. This DS Verification Form, along with documentation certifying the student as an approved trainer (#2), will be kept on file in the Disability Services Office.
2. Provide Disability Services a certification of training document. An approved trainer recognized by Grayson College is an individual who has been certified by an organization whose primary mission is to train service animals for people with disabilities. If the student is not an approved trainer, the student must provide proof an approved trainer will be with the student and the dog while in campus buildings.
3. Meet with Disability Services Coordinator to obtain approval for bringing a Service Animal in Training into campus buildings. A campus building is any building on campus, including housing facilities. During this meeting, DS Coordinator and student will:
 - a. Review published ADA language that allows for the person to train the dog themselves but does not recognize service animals in training as a protected accommodation.
 - b. Review State of Texas statute that does allow service animals in training to access the same areas as Service Animals as long as they are accompanied by an approved trainer.
 - c. Review GC's policy on what constitutes a recognized approved trainer.
 - d. Review GC's policy that Service Animals in Training must be identified by a vest or tag indicating they are in training and must comply with and abide by the same college policies and procedures that any Service Animal or Assistance Animal follows. This includes policies within the Code of Student Conduct.
4. Housing Requirements – If the student resides in a residence hall, then the Verification Form will be sent to the Director of Student Life and Housing as well.
